 4. Events, Fairs and more
 5. Volunteering & Jobs
 6. Ongoing programs
-

Green Bricks is very pleased to offer to grade 9-12 students FREE participation in the annual [Green Collar Futures Career Conference](#) on Saturday February 11, 2023 held virtually via Zoom this year. Space is VERY LIMITED so students MUST register by February 8, 2023 (or earlier as spaces will fill up) to attend this event.

The "green economy" is changing the face of the workplace in BC and around the world. This day is dedicated to students in secondary school to learn about exciting and endless career opportunities. Futures is much more than a career fair as it allows you to interact with career mentors from various sustainability related careers who have excelled in and are passionate about their green careers.

This interactive career workshop will be offered free of charge to 150 young people and will allow participants the opportunity to:

- Meet and interact with amazing and successful people who will share their sustainability career paths in breakout sessions where career mentors will share their career journeys
- Learn about emerging sustainability career opportunities in B.C. and internationally
- Listen to an inspirational keynote address from Marissa Bergeron, founder of Eat the Dishes: Zero waste street food
- Find out what it takes to reach your goals

The workshop will conclude with a wrap-up session and a chance for the participants to win prizes, including a \$500.00 scholarship. You must be registered to attend. [Register early as space is very limited.](#)

Women in Science

Learn more about our leaders who are paving the way for research in health sciences, including what inspired them to pursue a career in science and barriers they faced.

Thursday, February 9, 2023
7:00 pm – 8:30 pm

During this unique event, you will have the opportunity to discover the significant role women play in science and technology and explore the diverse careers available in health research.

Our Women in Science evening strives to empower the community and promote an equitable and inclusive learning environment. We interpret women in the broadest sense and respect all ways in which people choose to self-identify including female-identified, agender, non-binary and women across the LGBTQIA2S+ spectrum. People of all genders are welcome to attend.

[How to Participate:](#)

Participation is open to high school students, university students, healthcare professionals and members of the general public. This year, there will be two ways to participate:

[In-person:](#) Engage with our inspiring leaders in-person at BC Children's Hospital Research Institute. In-person participants will be invited to join us for a networking reception before the event for the opportunity to interact with panelists. Light refreshments will be provided. Space is limited.

[Virtually Live:](#) Engage with our inspiring leaders online in real-time.

The [registration form](#) will be posted to Sunday, January 22nd at 11:59 pm. Participants can submit the registration form any time during this period and will be selected based on a random lottery draw. For more information, see the [registration guidelines](#) and [FAQ](#)

NVSD and the RCMP present

A day in the life of a General Duty RCMP officer
Open to the first 50 interested students in grades 10-12

February 9th, 2023

9:00 am – 3:00 pm – 5th Floor of District Office
