

**What is the impact of toxic stress on the development, academics, and health of our children? What can be done about it?
Change begins by building resiliency.**

(7 – 9 pm for all locations)

Come join the North Shore Community Action Team in a free screening of the KPJM film:

RESILIENCE: THE BIOLOGY OF STRESS AND THE SCIENCE OF HOPE chronicles the promising beginnings of a national movement to prevent childhood trauma, treat Toxic Stress, and greatly improve the health of future generations. Screening of the film will be followed by a panel discussion involving experts in education, public health, and mental health. Resources for families will be available. For tickets:

April 24th Sentinel Secondary, 1250 Chartwell Dr, West Vancouver
