Recommendations of School District #44 Partner School Calendar Steering Group

Based upon feedback over the years, this year's (2013) survey information, January 24 (2013) Community Forum Style Calendar Information Session, and the Steering Group perspective and priorities, discussion focused on the areas below.

Each area was discussed and reviewed at length

The Steering Group arrived at Consensus in all areas and in arriving in the overall recommendation to the Executive Committee and the Board of Education

Guiding Principals

- 1. No dramatic changes to school calendar
- 2. Look at students' best interests first
- 3. Compliance with Ministry of Education requirements
- 4. Compliance with Collective Agreement provisions

2013/14 Summary Topics for Steering Group

- 1. Winter Break
- 2. Spring Break
- 3. Collaboration Time
 - a. Secondary Schools
 - b. Elementary Schools
- 4. Curriculum Implementation Day
- 5. Professional Days
- 6. Start Date
- 7. End Date

A Decade of Review

- 1. Partner groups face challenges understanding the complexity of School Calendar. Everything from School Day duration, timetables, Athletic Seasons, Fine Arts Festivals, Provincial Exams, Programs of Choice, Family Interests, community interests, CA provisions, etc. all hinge on a School District Calendar
- 2. That 100% support of a School Calendar for a School District is the goal, but is notional as there are many competing interests which create paradoxical requests
- 3. Partners strive for 100% support of all options and alternatives

- Parents, students, CUPE Local #389, NVTA, Administrators (exempt and otherwise) are committed to striving to reach consensus for recommendations to the Board of Education
- 5. The majority of Survey Respondents in North Vancouver desire: (surveys conducted in 2004, 2010, 2011, 2012)
 - A two-week Winter Break (95%+)
 - A two-week Spring Break (75%-80%)
 - Logical extensions to weekends when a statutory holiday like November 11th falls on a Tuesday (75%-94%); hence, people generally support a Monday closure. That there is potential interest in looking at Thanksgiving and Family Day for 4-day weekends

- 6. There are issues for some families for a myriad of reasons when there are two week Winter Breaks, and two week Spring Breaks and professional development days. These include daycare, parents/care givers holidays, etc.
- 7. That amendments to the School Calendar outside of traditional Standard School Calendar may be more balanced and provide educational opportunities, these amendments need to be negotiated with the Local Teachers' Association to gain agreement. They may also need to be negotiated with CUPE Local #389 depending upon the amendment to the Calendar.

- 8. That two week Winter and Spring Breaks see a decline in student, teacher and support staff absenteeism by 2/3 for the two weeks following the Winter and Spring Breaks
- 9. That the 4-day weekend on November 10, 2010 and 2005, also saw a decline in absenteeism by 2/3 in the days following the 4-day weekend. This break coincides with flu season and an extremely busy time of the year for both students and teachers.

- 10. At the Secondary Level, that school trips including Band trips, athletic tournaments, global initiatives trips and the like usually access the first week of the Two Week Spring Break. This results in less loss of class time for both students on the trips and students in class.
- 11. At the Elementary and secondary levels, there are less students being removed from school to go on "holidays" early. This results in less loss of class time for both students on their trips and students in class.
- 12. There is conflicting perspectives when looking at the "Bookends" of the summer. Preliminary feedback indicates not a majority of partners interested in July/August schooling at this time.

Where to from here?

Givens

- 2 Week Winter Break
- 2 Week Spring Break
- Secondary Collaboration Time
- Elementary Collaboration Time (for 13/14 and 14/15 under review)
 - May need some tweaks for 14/15 (collaboration time)
