

Inspirations 44

A Kindergarten Extension Program

North Vancouver
School District
the natural place to learn®

Inspirations 44 is a Kindergarten resource that provides a rich array of classroom experiences to deepen and extend the learning outcomes for a Full Day Kindergarten program. Developing curriculum, language, social and community connections are at the heart of the child's exploration and practice. The framework is fully aligned with the goals of the Primary Program and the Early Learning Framework, and is structured to meet the needs of a diverse population of students in a Full Day Kindergarten program.

"This well developed resource provides ideas and activities that made differentiating instruction easy. It is rewarding to experience each child's desire to learn and to see the resulting growth."

Karen Roberts, Full Day Kindergarten Teacher

"This document is fantastic! It is filled with practical activities and excellent resources. It is a smorgasbord of ideas to supplement child-initiated play-based instruction."

Anita Gentile, Full Day Kindergarten Teacher

Workshops

The North Vancouver School District provides introductory workshops for each of our resources. All workshops provide a philosophical framework, as well as practical hands-on classroom activities to promote best teaching practices. To book a workshop, please contact Joanne Robertson, Director of Instruction, Learning Services (jrobertson@sd44.ca)
