Rise of the Networked Society: Board Standing Committee Meeting

All parents/guardians are invited to attend a presentation on artificial intelligence and its relation to education. Tuesday, October 8, 2019, from 7 p.m. – 9 p.m. at the Education Services Centre (2121 Lonsdale Ave, 5th floor). As an education institution, we are mindful of the influence of technology on the academic, human and social, and career development of our students. To this end, we invite our community to explore and discuss the influence of technology. The session is one of four technology themes events that will be hosted throughout the school year.
