

# Argyle Class of 2031

We respectfully acknowledge that we live and work on the traditional and unceded territories of the Sḵwx̱wú7mesh (Squamish) and sə̱lilwətaḥ (Tsleil-Waututh) Nations. The City of North Vancouver is committed to reconciliation with these Nations, who have lived on these lands since time immemorial.

# Drama 8 Debut: Intro to Performance

Step into the spotlight! Drama 8 Debut is a brand-new, full-year course and your gateway into the exciting world of Argyle Drama. No prior experience required.

## In This Course, Students Will:

- Build confidence, creativity, and collaboration
- Learn essential theatre skills: ensemble work, movement, voice, and character creation
- Explore exciting performance styles, including:
- Mime & tableau
- Improvisation
- Clowning & silent film
- Modern adaptations and more
- Develop storytelling and acting skills for both stage and camera

## Why Take This Course?:

- Perform in a fun, high-energy, and inclusive environment
- Take creative risks in a supportive space
- Find your community and meet new people
- Start your theatre journey at Argyle with confidence

Reach out to G. Featherstone, G. Owens or E. Malone for more details!

## Course Programming

Dear Students,

This Course Programming website is designed to provide you and your parents with information to plan your school year, and ultimately, your future. You should read this with your goals and aspirations in mind. Whether your goals include university, college, business or vocational school, or employment, wise planning is of critical importance. Argyle Secondary School has a tradition of high student achievement and is proud to offer a comprehensive and diverse range of educational and learning opportunities. The members of the school community work with you to help you develop the knowledge and skills to be ready to meet the changing expectations of our society.

As you design your year, you are encouraged to:

1. Consider ALL the courses and programs that are available to you
2. Be curious about options not previously chosen
3. Ensure you know what is required in order for you to achieve your future goals
4. Make reasoned and responsible choices
5. Discuss your plan and consider suggestions from parents, teachers and counsellors

**Take the time to plan as the choices you make now can have a significant impact on your future education and career goals.**

This guide is intended for **you and your parents to collaboratively make decisions** about program requirements for successive years through to graduation. Grade counselors will be meeting with students to provide general advice about Course Programming. They are available upon request for individual questions.

Our timetable is developed based on student course requests. This means that we staff the school and create course sections based on the information we receive from students in late February-early March. This process allows us to create a schedule that suits the needs of the vast majority of our students, but it does not allow for any significant changes once the timetable is set. **Please do not expect to be able to make a change to a schedule after the timetable is built in June.** We are unable to guarantee that each course described in the booklet will be offered. Offering a course is dependent on enrollment and a student may need to take an alternate course to meet their program requirements.

We look forward to working with you to meet your educational goals.
