

Argyle Learning Support

Argyle's Learning Centre is designed to develop and cultivate the Core Competencies of **Communication**, **Thinking** (Creative and Critical) and **Personal and Social** (Positive Personal, Personal Awareness, and Social Responsibility), found in the BC Curriculum.

The Learning Centre will develop and support the understanding of the **Learning Standards of the Core Subjects**. Through this process students will develop their proficiencies in the **Core Competencies**.

The Learning Centre support students to develop skills in:

- Self advocacy
- Independence
- Executive Functioning
- Self regulation
- Developing a personal learning profile for success
- Academic skills

In the Learning Centre students will:

- Engaged with LC staff to identify, develop, and work on their individual learning needs.
- Be responsible and respectful for their own learning environment and the learning environment of others.
- Self-evaluate their work habits each day.
