

What is myBlueprint Education Planner?

myBlueprint is a powerful tool that provides students and families with the resources they need for effective pathway planning.

Students have access to school accounts that help with personal awareness, high school course planning, and post-secondary exploration. These tools are essential for making informed decisions about high school and beyond. With myBlueprint, career conversations with your student(s) become more structured, and their plans more thoughtful.

Who am I?

What are my opportunities?

Who do I want to become?

What is my plan for achieving my goals?

We encourage you to explore your student's account—or better yet, create one of your own! Time spent using Education Planner is a valuable investment, and it's free for families to use.

How to Create an Account:

1. Ask your student to log in and show you their myBlueprint account.
2. In the top right corner, click on their initials to open account settings.
3. Select "My Links" and then "Add Link."
4. Enter your name and email address.
5. You'll receive an email notification with instructions to access your account.

Why Should I Access myBlueprint Education Planner?

myBlueprint offers detailed, personalized information to support your student's planning. With your Family Account, you can not only view and assist with your student's pathway planning but also explore independently. Whether researching post-secondary options or learning about occupation outlooks, myBlueprint provides a streamlined, up-to-date, and personalized database.

It's your one-stop shop for career planning with your student(s).
