Fireworks Safety and School Property

We wanted to make you aware that members of staff have recently noticed evidence of fireworks and firecrackers being used on school property after school hours. While we understand that this time of year often brings celebrations, we are concerned about the safety risks that fireworks and firecrackers pose to students, staff, and our surrounding community.

The possession and use of firecrackers or fireworks on school property is strictly prohibited as these items can cause serious injury and property damage.

For those interested in learning more about local regulations, please visit the City of North Vancouver and District of North Vancouver websites for detailed information on municipal fireworks rules. Due to the potential risks involved, both the purchase and sale of fireworks in the District of North Vancouver are carefully regulated.

We appreciate your help in reinforcing this message with your children and community members to ensure everyone's safety and respect for our shared spaces. If you see any evidence of fireworks/firecrackers being used on school property while the building is closed, then please call the North Vancouver RCMP non-emergency line at 604-985-1311 to report it.

Thank you for your continued support in keeping our school a safe and welcoming environment for all.
