

Announcements for Tues. Feb. 1st, 2022

Gong Xi Fa Cai. Happy Lunar New Year.

Though many Western nations refer to the Lunar New Year holiday as Chinese New Year, bear in mind it's celebrated not just in Chinese communities but in other Asian countries, including Vietnam and South Korea.

Maybe the most well known of the different Lunar New Year Festivals. Chinese New Year is celebrated by close to 1.5 billion people.

The 12-year Chinese zodiac calendar cycle is represented by 12 different animals -- the Chinese zodiac signs. 2022 is the Year of the Tiger.

"In Chinese culture, the tiger is the symbol of bravery, wisdom and strength. People born during a Tiger Year are thought to be natural leaders who are both brave and thrill-seeking, often craving attention.

If you are interested in designing cool technology, making products that make lots of money, or making a positive impact in the world Join the Learner's Link Meeting tonight. Rob Nail a world-renowned public Speaker, Sandford Robotics Expert, and the CEO of Singularity University will be joining us to speak about how we can use exponential technologies to change the world for the better. It's not often that opportunities like this present themselves, but at the end of the day, it's up to YOU to seize them and capitalize upon them. If you are interested in taking accountability for your learning and future success join our virtual meeting tonight at 5:00 pm.

This is a message from the student council. Clubs are a great way to connect with the school community, meet new friends, and try new activities. As our second semester has started, our clubs are in search of new members - Starting today for this month, we will be highlighting one of our clubs at Carson Graham on the announcements every morning. Listen carefully for any clubs that may spark your interest and passion!

Without further ado, today's club highlight of the day is the Math Club. The math club aims to help students develop and improve problem-solving skills, cultivate students' interest in learning math, and engage students in mathematical thinking. We participate in different Canadian Math contests, including the Waterloo Math contests. If you are interested in signing up, please contact Ms. Dai on Microsoft Teams.

It's that time of year again when you get to send candy or chocolate to your friends or that special someone in your life. That's right, candy gram sales are now every lunch in the agora starting tomorrow and until Valentine's Day. They will be two dollars and five-dollar treats. Candy grams will be delivered to the recipients on Valentine's Day during their morning class, so make sure you know the room number when you go to purchase the candy gram. The money raised goes to a living spoonful a charity providing meals to those living with HIV and AIDS. Hosted by Us club.

Hey Grads! Do you want a baby picture in the yearbook? The yearbook team is looking for graduating grade 12 students to have their baby pictures appear at the end of the yearbook. If you are interested in taking part, we ask that your parents send a high-quality copy of your baby photo, along with a Public Display of Affection (PDA or a declaration of love). The baby photo and write-up will be featured in the graduating class pages of the yearbook. If you have any questions, contact the yearbook team.

In addition to paying the \$5 fee through Cash Online, please send your PDAS to cgsyearbook@sd44.ca. In your subject, please put your child's first and last name and your First and Last name. Please attach your photo as a file and place your text in the body of the email. Entries must be a maximum of 80 words.

The deadline for Parent Displays of Affections deadline is February 7
