

Announcements for Friday, Oct. 16, 2020

Starting off with a reminder about masks . . . these are to be worn in the hallways at all times. This includes arrival & departure from school as well as during breaks & lunch. Additionally, please be sure to stay within the wing in which your classroom is situated.

The Mobile Youth Drop-In is back again today and every Friday at lunchtime. Look for the canopies and lawn chairs by the flag pole. Youth workers Andrew, Katie, Chris, and Hannah are here handing out halloween chocolates again. They are here to listen, support, and create a safe and fun space for you to eat lunch, whether you're a Grade 8 or a Grade 12.

Just a reminder to submit your book review to enter the Library's **Book Review Contest** this month for both staff and students. See details outside the library and a how-to video on the Library's homepage.

Attention all students wishing to write the challenge exams. Please see your counsellor this week for more information or to sign up to write. These exams will give you Grade 11 and/or 12 credits!

Are you interested in participating in the University of Waterloo math contests? This math contest does not only provide students with a great challenge, but they are also recognized across Canada, which makes them great to include on university applications and resumes. To learn more, make sure to come to the virtual club fair near the end of October or talk to Sogand, Mary, Lyndsey or Ana in D312 in person during lunch on Thursdays. You can also join through Microsoft teams with the code posted on posters around the school. Hope to see you there!

Are you interested in competing in a virtual pop quiz for a chance to win gift cards? The Interact Club is hosting a fundraiser to help raise money for World Polio Day, and we would love for you to join us. The event is completely free to join, but if you would like you can donate to our GoFundMe. To sign up, look for posters around the school with QR codes to the event or check out our Instagram page @carsongrahaminteractclub. We look forward to seeing you there.

Hi Carson Graham, do you want to win a \$25 gift card of your choice? This year the wings club is offering a virtual pumpkin carving contest from October 16th to the 30th! You can carve a pumpkin or create one digitally, and submit it to the wings Instagram page! Or look for a wings poster around school to submit!

Carson, the 2020 Waterloo Math Contests are coming up! The Canadian Intermediate and Senior math contests will take place on Nov 18, 2020. Both contests are designed to give students the opportunity to have fun and to develop their mathematical problem-solving skills. Students in Grades 8, 9, and 10 can register for the Canadian Intermediate math contest, while students in Grades 11 and 12 can register for the Canadian Senior math contest. The school registration will start from Oct 15 and end on Oct 29. If you are interested in participating in one of these two contests, please see Ms. Dai in room D312 for the registration form.
