

Announcements for June 12, 2026

Attention student gardeners:

Do you need service hours? Love gardening? We need 10 students to help water our garden this summer. If this is you, please come see Mr. Olson this Wednesday (June 17) at lunch in room E201.

If you have ever participated in the math contests this year, please come to D312 at lunch today to pick up your certificate(s) of participation and enjoy some treats provided by our school admins. We also would like to take advantage of this chance to express our gratitude to our PAC and our school office team for supporting our math contests!

ALLLLL library books need to be returned today !!!!
