Hey Carson, did you know you have the power to save lives? Well, you do! 800 thousand people in developing countries die each year from zinc deficiency. You can help change that by donating all your used batteries to the Zinc Saves Lives campaign this year. When a battery is donated, it is recycled, and the equivalent amount of zinc is donated to those who need it -one battery has the power to save 6 lives, you heard right! So make sure you drop off your batteries in the box in Mr Olson's engineering classroom this week. Thanks in advance!

Hey Carson! Help support Kailey Magrath and Team BC on their journey to the Canada Winter Games by donating your lightly used or new mittens and gloves to the boxes in the agora on Tuesday and Wednesday this week. Mitts will be given to the less fortunate in Red Deer Alberta, the host community. All staff and students are encouraged to participate!

Hey Carson! Are you interested in travelling to Ottawa with students across Canada for a week filled with tours, lectures, discussions and social events designed to enhance your understanding and appreciation of Canadian citizenship, all for free? Then the "Adventures in Citizenship" trip, sponsored by the Rotary International Club, is right for you! This annual event provides a unique opportunity for a selected group of young Canadians to come together to gain a better understanding of our country. Application deadline is February 27, so start writing! You can find applications in the counselling office. Don't let this amazing opportunity pass you by!
