

## Announcements for Feb. 3rd, 2020

Any students who did not get a course programming sheet should go and see their grade counsellor as soon as possible

Hey Carson, Do you and your friends want a chance to win a \$100 park royal gift card? The WINGS Club is hosting a scavenger hunt this week, so check out posters around the school or come to the agora at lunch to begin the hunt! Competition ends on Thursday!

Grade 11 Students who would like to learn more about the University of Alberta are encouraged to apply to **Boarding UAlberta**. This is an all expense paid opportunity to check out the University of Alberta for a weekend in May 2020. For more info please see Mrs. Weyell.

**February is Love your Library Month.** Come by and check out our displays, plus several great contests with prizes that we will be offering. The Maker Club will also be sponsoring events in the Library Classroom at lunch today and February 10th. Stop by the library circulation desk to learn more and sign up.

The Maker Event Scheduled for today at Lunch in the Library classroom will be postponed to later on in the week.

Get ready Carson because the environmental club is going to start promoting meatless Mondays starting next week, Monday the tenth! Replacing meat with plant-based choices each Monday can offer numerous health benefits and help you take action against climate change by reducing your carbon footprint and helping you conserve precious environmental resources. There will be a booth in the agora where you can go learn more about meatless Mondays and give us suggestions for what meatless options you would like to see in the cafeteria. So remember to stop by the cafeteria on Monday the 10th!

Hey, Carson, what's better than a bake sale? How about a hot chocolate and Timbits sale followed by a bake sale! That's right, today at lunch the Interact club will be selling hot chocolate and Timbits, and then tomorrow at lunch, the Interact club will be having a bake sale. All proceeds from both sales will be donated to Norgate Elementary (one of our feeder schools) to help them purchase a new AV sound system.

For any students wanting to participate in the University of Waterloo Math Contests, the registration forms for the multiple-choice contests are available in Ms. Dai's room and must be returned by this Wednesday, February 5th. So make sure to pick up your forms as soon as possible!

What do you want to change about Carson Graham? Come share your voice and give feedback about our school at the town hall run by the Student Council. The first town hall is for IB DP students next week on, February 12th, and the town hall for grade 12s is on February 13th. These meetings will all happen in the library classroom at lunch! Town hall dates for other grades will be announced next week. Stay tuned!

Hot dogs! Get your hot dogs! Thursday February 6th, Best Buddies will be selling hot dogs and veggie dogs in the Eagles Nest at lunch! \$2 per hot dog.
