Course and Program Offerings

Welcome! It is with great pleasure we welcome you to Carson Graham Secondary, home of the Eagles, for the 2025-2026 school year. This Introductory guide for student and parents has been prepared to assist in several ways: in becoming familiar with our school, our policies, and to provide families with information to plan your school year. Our hope is that the information in this guide will stimulate conversations and reflection not only about your post-secondary aspirations, but more importantly, your learning goals.

The descriptions in this guide are general in nature and are not intended to outline the complete content of each course, program or service. Due to certain constraints, a few of the courses described here may not be offered every year. Our fantastic counselling team will be on hand to assist families in selecting programs and courses which meet the graduation requirement of the Ministry of Education and satisfy your individual goals and interests.

HOW PARENTS/GUARDIANS CAN PROVIDE SUPPORT

- Encourage your student to research their options for after grade 12
- Be supportive in whichever direction they are choosing. Students will perform better and grow in confidence when they are invested in their future.
- Remember that there are many ways to get to the final destination
- Offer to help them navigate the University websites as they are confusing
- Offer to go with them to attend Post Secondary events and visit campuses where possible.
- Do not do for your child things they can do for themselves! We need to help them be resilient humans and sometimes that means allowing them to make mistakes so they can learn from them.
