

## Announcements for Mar. 16th, 2018

ALL overdue library books are due back NOW before Spring Break.

This is your final reminder to return your math contest forms today to Mr. Wong.

Attention Ms. Parker's term 2 Art 8 class. You are invited to a glazing party! Please join the festivities today at lunch! That's Ms. Parker's art 8 classes from term 2 glazing parties today at lunch!

Reminder to Gr. 11's that your Science 11 project groups need to meet with your teacher mentor this week if not already done so.

Carson is partnering to support an important event called 44Dress, this event gathers age appropriate dresses and other outfits for girls to wear to their Grade 7 Farewell event. While we firmly believe that 'it's not what you wear, it's how you feel', that is most important, we know that a special outfit can go a long way to boost self-esteem. Girls please take time over Spring Break to go through your closet and see if you have an outfit that you can donate to put a smile in a Gr. 7 girls face. We will start collecting after Spring Break in front of the Fishbowl across from the Library everyday at lunch until April 23rd. Spread the word Carson!

Are you interested in taking your knowledge of physics to the next level? There will be two physics contests held this year at Carson: the Canadian Association of Physicists (CAP) Contest on April 11 and the Sir Isaac Newton Contest on May 3rd. Winners are awarded with cash prizes and potentially entrance scholarships into the University of Waterloo. For more information and to sign up, please talk to Ms. Li in room B213.

Attention grade 12's. If you have not given your height to Ms. McDowell or Mr. Bolivar, please do so by the end of the week. We need to order grad gowns!

Are you adventurous? Like Riding Bikes? Ready to have fun and learn new trails? Join the Carson Mountain Bike Team! There will be an information meeting today in the Large Gym at Lunch.

Did you know that 98% of the over 800 million undernourished people in the world live in developing countries. That's an astounding statistic, and if you want to learn more, and help change that then join us for an information meeting about Carson's annual Hungry for Change event today at lunch in room D104, see you there!
