Dear Carson Graham Community,

I would like to commend the entire Carson community on the vigilance towards safety that students and staff have demonstrated when attending classes. The compliance in following Health and Safety Guidelines as set out by the Ministry of Education and Provincial Health Officer has been outstanding. My hope is that this safe effort can carry over to non-school activities. Please take a few moments to discuss with your student(s) strategies set out to reduce the transmission of COVID-19.

COVID-19 Protocols Update

As indicated in a recent email from Superintendent Pearmain, the Ministry's Health and Safety guidelines now indicate: "All students in Grade 4 to 12 are required to wear a mask or face shield (in which case a non-medical mask should be worn in addition to the face shield) indoors in schools and on school buses – both within and outside of their learning group." Please note that there are a number of exceptions to this requirement identified within the documentation and staff have been made aware of these.

The updated guidance and guideline documents are public and available online.

Lastly, please keep in mind that masks remain one layer of protection. To keep each other safe, we must continue to:

- Use the Daily Health Check before arriving at school
- Stay home when feeling ill.
- Practice diligent and frequent handwashing.
- Practice physical distancing when possible, even outdoors.
- Spend time close to home with members of our own household.
- Adhere to province-wide restrictions.

Please find below some other important information and updates:

Finishing of Quarter 3 and Moving into Quarter 4

As we conclude the third quarter and move in the fourth, there are a few scheduling anomalies (highlighted in yellow) for students in grades 9-12 that we want you to be aware of. These were set at a District level to balance the number of in person versus online cohort days. Teachers will also be communicating this info to students. *We are aware that there are a few exceptions to the schedule below and these will be communicated by the teacher.

News from the Library

Sign Up for a Public Library Card: Opportunity for Carson Students!

"Libraries store the energy that fuels the imagination. They open up windows to the world and inspire us to explore and achieve, and contribute to improving our quality of life."

~ Sidney Sheldon (1917-2007. American writer and producer)

In partnership with the [North Vancouver City Public Library](#), the Carson Graham Library is promoting and facilitating public library card sign up for our students. Our libraries are essential community hubs for resources and programming. They are also spaces to read, learn, study, and innovate. At Carson, we want to increase our students' awareness of the resources available to them both within and beyond their school library. Libraries are for lifelong learning, and library cards are free. Here is a [Promotional Video](#) that we created to explain some of the benefits of having a library card. If you have any questions about this partnership with the North Vancouver City Public Library, please contact Michelle Davis, Carson Graham Teacher-Librarian (mdavis@sd44.ca).

Summer Learning 2021 – Registration May 1-June 24

Summer Learning provides an engaging learning environment where students can challenge themselves academically and fulfill their personal learning goals. In 2021, Summer Learning will maximize in-person instructional time in its complete suite of course offerings:

[Full Credit Academic Courses](#)

[7/8 Transition](#)

[English Language Learning \(ELL\)](#)

[Numeracy and Literacy Foundations](#)

A plan is in place to transition to remote or blended (online and in-person) learning should the need arise.

Registration is open to all students within and beyond the North Vancouver School District. A list of courses, including the new Careers 10 Summer Learning online course, is available via the Summer Learning [website](#).

News from North Vancouver Online Learning (NVOL)

June 1st Deadline for NVOL Course Completion – Students who need a final grade in an NVOL course this school year are encouraged to complete all coursework by June 1st. Meeting this deadline will ensure teachers have time to assess the work and our office staff have time to process the grades before year end.

June 18th NVOL Registration Deadline – Our registration desk will be on pause for the summer from June 18th and will reopen on September 7th.

Summer @ NVOL – We are planning for teachers to be available in a limited capacity in the summer. As in past years, it will likely mean that students will have some access to teachers in July but not in August. In August, students can continue to work on their courses but will need to wait until September to submit assignments and write tests.

Student Learning Survey 2020/2021

The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents/guardians/caregivers, teachers and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

In April 2021, the Student Learning Survey will be administered to students in grades 10 and 12, their parents/guardians/caregivers, and all school staff. We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement.

The survey can be completed electronically and can be accessed on the Internet at http://www.bced.gov.bc.ca/sat_survey. Any computer with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link by selecting the North Vancouver School District and Carson Graham Secondary. Provincial, District and School Reports for previous years can be viewed at the same site under the Results section. The e-survey site will be open until April 30th. If you have any questions, please contact Tim Ireland at tireland@sd44.ca.
