October 9, 2020

Good Afternoon Families,

I hope this letter finds you well. We want to remind you that on Thursday, October 15th, our service delivery models will change. This means that our “face-to-face” classes that have been happening in the morning will change to the “hybrid” delivery model. The afternoon class will change to whole class, “face-to-face” instruction. Note that the morning class will remain in the morning and the afternoon class will remain in the afternoon. Class times DO NOT change.

Additionally, we want to highlight that teachers will be preparing interims that will be published to the MyEducationBC Parent Portal on October 30th. Information on the communication of student learning and how to access the portal is available [here](#).

I also want to highlight an event coming up on October 15th that is being put on by the Foundry North Shore titled, [When Stress Comes Home](#). In this talk, Emma Carlson, MA, will discuss how to help our youth manage the stress and anxiety associated with schooling at home, transitioning back to in-school learning, and some ways that parents can help set their kids up for success. They'll touch on topics like co-regulating, managing discomfort and uncertainty, screen time, and how these apply to both elementary and high school aged youth.
