The Card Project www.TheCardProject.ca

Students from K-7 have all worked hard creating artwork this winter for The Card Project. The Card Project is a popular art-based fundraising activity that has been well received by Cove Cliff families for several years. The Card Project makes custom greeting cards, mugs, tote bags, tea towels and notebooks with the students' artwork. Twenty per cent of funds raised from parent purchases of items made with their own child's artwork will go to the school. Orders will open on March 31. Details will be sent after Spring Break!

International Women's Day

International Women's Day, celebrated each year on March 8, is a global recognition of the social, economic, cultural, and political contributions of women. It's also a reminder of the ongoing work needed to advance gender equality.

This year marks 115 years of International Women's Day, a century-long tradition of advocacy, courage, and collective progress. Each generation has continued to push forward, building on the strength of those who came before and expanding what's possible for women and girls around the world.

At Cove Cliff, we strive to create a community where all students feel empowered, valued, and inspired to be leaders and changemakers.
