

# Handsworth Student Athlete Citizenship Form

The coaches and players of the Handsworth \_\_\_\_\_ Program strongly believe that their participation in extra-curricular activities should enhance, and not interfere with, opportunities for academic success. Participation in the athletic program is a privilege to be granted as long as student athletes continue to meet classroom criteria. Team suspension from participation may result until classroom criteria is met and checked off by each classroom teacher. This form is meant to be an opportunity for our athletes' teachers to comment in regards to classroom behaviour such as:

- **class attendance** is consistent to exemplary
- **behavior** in class and throughout school is above average to exemplary
- **effort** in achieving class outcomes including assignment completion and class preparation is acceptable to exemplary
- **attitude** when presenting early **dismissal** requests is polite and respectful. The dismissal should be presented at the start of class

Name of Student: (student should fill in before teachers sign)
