4. **Larson Holiday Store** was a HUGE success. Thank all the Larson families who donated their much-loved treasures. We are especially grateful to the parent volunteers who worked so hard collecting these items over the past two weeks making many trips back and forth between Larson and nearby storage. Thank you to the volunteers who set up the gym and participated as vendors, and finally, to the volunteers who packed up the remaining items and cleared the gym by 4 pm. A Christmas miracle!

The winter sale is always a highly anticipated event that the students love. Their enthusiasm and excitement to buy special gifts for their family members is heartwarming. This event requires a lot of planning and physical labour, but the pay off is very excited students who get to experience a sense of independence with their gift selections.
