

Lynnmour/Xá7elcha

We would like to acknowledge and thank the Coast Salish people who's traditional territory North Vancouver School District resides on. At Lynnmour/Xá7elcha we are grateful to the Skwxwú7mesh Nation and Tseil Waututh Nation to be able to gather on this beautiful land to live, learn and share experiences together.

Div 6 - "Soft Starts"

Some great learning and connecting going on in the Division 6 classroom to start each day. Their "soft starts" provide opportunities for social brain building through developing mazes. Students are making outstanding connections and more and more intricate structures as the time goes on. They are really enjoying this creative and collaborative learning!

MS TEAMS- stay connected

Each teacher has created an MS Team to support and maintain communication with families, during this challenging time. We know that parents are curious as to what is happening during the day at school and in the event that a student is sick for a few days, your child's virtual classroom on MS Team's will provide you with a general overview of what is going on during that week. Teachers are posting general snapshots of the learning going on for the week for consistency and clarity for families. Students have been given their passwords but if you haven't seen it yet, don't hesitate to communicate with your child's teacher. We encourage families to stay connected with us, virtually, at this time!

COVID Information

We would like to share our appreciation to everyone for staying home when they aren't feeling well. We know that this is difficult, but we acknowledge the efforts being made to help keep everyone healthy and safe. This is and will remain so important this year!

Please keep up with the [Daily Health Checks](#) to ensure that we can keep maintaining a healthy and safe environment for all.

School Access

As per our Health and Safety Protocols, we need to remind families that **access to the school is limited to staff and students at this time.**

We know that this is difficult and presents some challenges for interactions and support of students, but we must maintain this protocol and to keep visitors to a minimum at this time. With incidences of Covid exposures increasing in schools in the province, we have to do everything we can to ensure the health and safety of our community. Your Lynnmour/Xá7elcha are maintaining solid routines including hand washing, sanitizing, and social distancing to help ensure students are safe and as we have already mentioned, families are doing their part in staying home when sick.

We are interested in ensuring all of our students have the ability to connect with their class and that includes students in the **Transition Option** who are learning at home right now. Please know that your child is able to join in on an activity, an afternoon, or a full day to get a sense of the routines and procedures at school. Practicing these protocols with their peers will be a positive way to help them re-engage in school ahead of the December decision deadline. Please connect with your classroom teacher to find a time that may work for your child to join the class.

Virtual Conferences

We held successful Parent Teacher conferences via MS Teams this week. There were a few glitches along the way but we really appreciate everyone's patience and flexibility as we learn a new system. If you missed your appointment or didn't have a chance to sign up, please reach out directly to your child's teacher to set up another time.
