

Lynn Valley Learns and Cares (from home)!

Edition 1 – April 24

I would like to thank the Coast Salish people, specifically the Skwxwú7mesh Nation and Tsleil-Waututh Nation, upon whose unceded traditional territory the North Vancouver School District resides. I value the opportunity to learn, share and grow on this traditional territory.

We miss you all and hope that all of our Lynn Valley families are safe and healthy. Please reach out anytime if you require some additional supports. We are here for you!

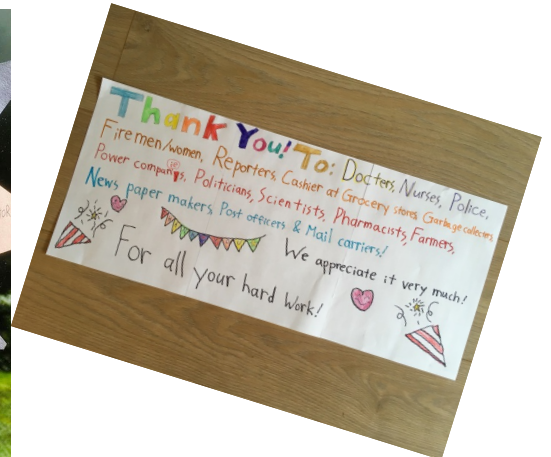

Lynn Valley Learning

What an unusual time for learning! Nonetheless, we know that there are amazing things happening out there. Through remote learning, students are demonstrating their individual abilities in all different areas and are certainly showing their resilience and strength! We are excited to share and celebrate some of the wonderful learning that is happening from home. In our weekly edition of LYNN VALLEY LEARNS AND CARES (from home)! – we will highlight the awesomeness of our students and how they have been creative in their learning and caring from home. We are so happy to keep connected in safe and healthy ways!

In alignment with our Lynn Valley School Plan, the focus on Social Emotional Learning skills continues to be at the forefront of our Educational Continuity plan. Second Step lessons are being delivered remotely and we are excited to see these skills developing and growing in our students! This connects perfectly with the Ministry of Education Core Competencies. In April, the focus has been on the Personal Social Core Competency. Please consider sharing a snapshot and brief description of your child's learning at home: Your partnership is invaluable! We would love to highlight the great work that is happening from home. Remember: Children learn all the time and in all unique and different ways!! An important part of the learning process is to share and celebrate with one another. PLEASE SEND EXAMPLES OF LEARNING AND CARING AT HOME TO lynnvalley@sd44.ca . Thank you!

Social Emotional Learning: Sharing Gratitude and Empathy

Empathy and Gratitude

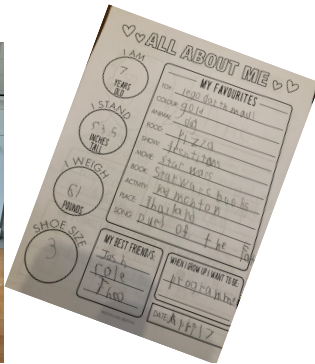

Many classes have been working on ways to show our gratitude and love to Front Line workers. This has been demonstrated with NVSD cares hearts, poems and thank you messages to all those who are risking their own safety to make sure we have the resources we need during this time! This is an excellent demonstration of Self-Awareness, Social Awareness and Relationship Skills.

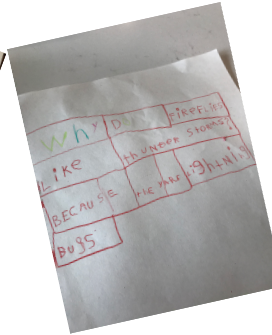

LITERACY AND NUMERACY

Hannah sharing her journal picture and writing

Logan shares his All About Me project!

Amazing Kindergarten writing!

Molly shares her bookmark about Bears!

Finn is showing off his mad measuring skills!

April is Poetry Month

There have been so many amazing poems created and shared on Teams during this wonderful month celebrating Poetry! Huge shout out to Mrs. Danieli who has kept us on track creating and sharing poems remotely.

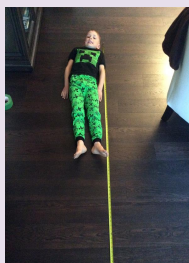

Poem by Nicolas – Div. 10
 Sprouting flowers and
 Plants growing
 Roots running deeper and deeper
 Insects crawling everywhere
 Nice whether to play in
 Going to have more fun

Quarantine – by Georgia – Div. 6

Being stuck inside is no fun
 It makes me want to play in the sun
 I miss my friends at school
 I wish we could be together and go to the pool
 Wash your hands and stand apart
 And don't forget to sanitize your grocery cart!
 This quarantine thing is really getting to me
 It's definitely not my cup of tea

MEASUREMENT: DIVISION 12

Mason states: I measured myself and I am not 2 meters long. I also measured a Dinosaur Stuffie and an Easter Basket. 9 Dinosaurs fit in 2 meters and 8 Easter baskets fit in 2 meters.

Burke in Div. 15 planted an apple seed and has been watching it grow!
