

## School Fees

Each year, information outlining fees that may be charged next school year is sent to parents/guardians. This supports transparency and keeps everyone within the budget parameters. PAC may also provide monetary support to offset some of these fees.

As per [Policy 706: School Fees](#), it is the school principal who establishes fee amounts through a consultative process and that fee amounts are established on cost-recovery basis, without realizing profit. Every effort is to be made to keep school fees to a minimum.

Please see the table below for the proposed school fees for the 2025-2026 school year.
