### Environmental Issues

Are you a secondary school student or do you know a secondary school student who is passionate about environmental issues? Are you part of a green team or environmental club running initiatives at your secondary school? If so, please join us after school on January 16th for a networking event to connect with other student environmental leaders from across the North Vancouver School District.

This is great opportunity to discuss the things that are important to you and to learn with others have been working on. We will provide a brief update on what NVSD has been doing to reduce our environmental footprint, but the main focus will be exploring what students would like to see in our school district. There will be pizza!
