

It's Here!
Seycove students in grade 8 through 12 now have student access to MyEdBC through the Student Portal (same as Parent Portal)

I hope you have heard from your children about the online course registration that took place Wednesday, March 29. Students in grade 8 – 11 had the opportunity to create their own account for MyEdBC - Student Portal (used their pupil number for the login and student created password). Students came to the computer lab and were instructed to enter the courses selected on the completed course selection sheet submitted in February.

What courses did your child request to take next year?

You are encouraged to double check your child's course selection. Follow the steps below (if you have not accessed the MyEdBC – Parent Portal in see the Seycove website):

<https://www.sd44.ca/school/seycove/Parents/reporting%20updates/Pages/default.aspx>

Steps

1. Login to MyEdBC using your Parent login & Password www.myeducation.gov.bc.ca/aspn
2. On the top tab – select Family

3. Side tab – click on Schedule, then click on Requests

You will see a list of course requests for next year, along with any electives or outside the regular timetable courses.
