## Reminder: Course Programming Open House and Other Programming Information

Good afternoon Seycove families,

This is a friendly reminder about our **Course Programming Open House** happening this week, along with a few important next steps as students plan for the 2026–2027 school year.

### Course Programming Open House – Tutorial Time (8:30am – 9:10am)

- Wednesday, February 11
- Thursday, February 12

Please note that **regular tutorials will be cancelled** during these times to support the open house format. Students will have the opportunity to visit classrooms, speak directly with teachers, and learn more about course offerings, pathways, learning styles, and other considerations to support thoughtful course planning for next year.

### Course Request Entry – MyEd Window Open NOW to March 3<sup>rd</sup>

As students attend the open house, read information on the website, and continue conversations at home, we encourage you to begin your thinking about next year's course options with your student. At this stage, families and students are reminded to:

- Log in to MyEd
- Enter course requests for the 2026–2027 school year
- Ensure the Course Programming Request Form is completed, signed, and returned to the office by March 4

### AP Psych 12 Information Session for Grade 10 and 11 Families

We are also inviting all current Grade 10 and 11 students and families to join us for a virtual information session focused on Seycove's AP offering - AP Psychology 12 - which will be available next year if there is enough student interest.

- Wednesday, February 11
- 7:00 pm
- Microsoft Teams meeting
- Link to join: [AP Psychology Information Session](#)

### PLP Programming Information and Timelines

We also appreciate our families who have students currently in, or who are considering PLP next year, for connecting through the website and through ongoing communication with PLP teachers regarding deadlines, requests for participation, and course offerings for next year. More info can be found here:

<https://www.sd44.ca/school/seycove/ProgramsServices/flight/Pages/default.aspx#/=>

### General Information

Thank you to all of our families who joined us for course programming information sessions last week. The presentation slides are posted on our website, in addition to much more programming information, can be found here:

<https://www.sd44.ca/school/seycove/Parents/courseprogramming/Pages/default.aspx#/=>

As always, I share my appreciation for your continued partnership and support as students make important decisions about their learning pathways – decision that help us build our school timetable next year.
