# Junior Course Programming

2026-2027

---

*Learning is holistic, reflexive, reflective, experiential, and relational;  
focused on connectedness, on reciprocal relationships,  
and a sense of place.*

*Learning is embedded in memory, history, and story.*

*Seycove acknowledges that we are gathered here today on the traditional, unceded territory of the Coast Salish people, specifically the Skwxwú7mesh Nation and Tsleil-Waututh Nation, and we truly value the opportunity to be able to learn, share, and grow together.*

# Seycove's Purpose & Approach to Course Programming

---

**Balance challenge, well-being, and engagement**

---

**Ensure graduation and post-secondary readiness**

# Ministry's Minimum In Person Course Requirements

(Choose carefully as you may be placed in courses to fill timetable)

Seycove Secondary requires students to take the following MINIMUM number of face-to-face courses:

Grade	Courses
8	8
9	8
10	8
11	7 (By Application)
12	6 + CLC 12 (4 credits)

Consideration is given to individual students who, for extenuating circumstances, may need to consider a partial timetable and enroll in fewer courses. **Students must apply to drop courses within the Course Drop windows.** Some considerations are:

- Heath concerns that limit ability for full time attendance
- Cross-enrollment with a different school or district program (i.e. YELL, Peak Performance)

*Note – requests to focus on academic coursework will not be considered extenuating circumstances*

## Course Programming

### Course Programming

Selecting a program of studies is an important process that should involve students, parents, teachers, administrators and counsellors. After careful consideration, courses should be chosen based on the student's strengths, interests and future requirements. Students are asked to list alternative choices on their course selection sheets, as their preferred choices may not schedule due to timetable constraints. Courses with low enrolment may not be offered. Students are advised to review course programming information carefully when planning their courses for next year.
