Treasurer's Report:

So far \$8,000 has come in from the donation campaign. The campaign will end Feb 28 2014. It was felt we need to advertise this away from the fees form to show people what we are using the money for- maybe a seat sale for the bleachers.

DPAC: At the last meeting there was a speaker from the Friendship group. They did a presentation on the Cheakamus center (Outdoor school). It is the only center of its kind in Canada and runs cost neutral.

Principal's Report:

There was much discussion about the Grade 12 boat cruise. Being that it was a school sanctioned, non-alcoholic event there was some concern when a large number of students (not all Seycove) showed up with alcohol on their breath. It was discovered that there was a small glass of champagne served at a pre-party event. The boat left the dock 45 min. late as the situation had to be assessed to make sure that student's safety would not be compromised.

Teresa motioned to adjourn the meeting.

Meeting adjourned 8:53pm
