

Music 8 - Concert Choir

Course Code: MMU-08CC

Grade 8 Choir is a non-auditioned ensemble for any student who is looking for a place to belong! This ensemble introduces young singers to the fundamentals of vocal technique, music literacy, and stage presence, but it also provides students with an automatic community of musical, creative people who all love to sing. In addition to major concerts throughout the year, Choir 8 singers also go on a retreat near the beginning of the year and they perform at Seycove's annual Cabaret in the Cove near the end of the year. Students in Choir 8 sing everything from pop, classical, and jazz and they acquire skills that enable them to perform at a high level in other domains as well.
