Friday, June 3, 2022

Dear Sherwood Park Parents and Guardians,

Students have completed their Self-Assessment of the Core Competencies for the 2021-2022 school year and they have been uploaded to their Scholantis portfolio. These self-assessments are student owned, meaning that students have completed this process with guidance from their teacher but it is based on their personal reflection and assessment. For students in Grades 1-7, families are also able to view previous years' self-assessments.

Steps to access child's Self-Assessment of the Core Competencies:

- Go to the North Vancouver School District [website](#)

- Click on "Portal" in the top right corner

- Enter your child's username and password. Username* is a 6-digit code ending in "s". Passwords have recently been reset by all students or families**.

- Click on "Portfolio" in the menu bar

- Click on "SACC2022" to open the self-assessment

We encourage you to access your child's self-assessment, to review it with them and to engage them in a conversation around the strengths they have identified and the areas in which they would like to continue to grow. Questions about your child's learning or the self-assessment should be directed to their classroom teacher.

Sincerely,

Megan Wheatley
Principal

*username is your child's district email without the @sd44.ca.

** If you didn't complete the password reset, the temporary district password was Zq*<pupil number>*$$. You will need to create a new 10 digit password.
You can find your child's pupil number in your MyEducation BC account.
