

Daily Announcements

Here are your Daily Announcements for **Thursday May 7th**

Windsor would like to recognize and congratulate all of our students who participated in this year's University of Waterloo mathematics contests in Grades 9–12. These contests attract some of the strongest young mathematicians across the province and beyond, and our students represented Windsor exceptionally well. In Grade 9, Windsor's top performer was Mira Erozlu, who earned an outstanding score of 115. With nearly 4,000 students participating across British Columbia, Mira placed in the top 600 provincially. In Grade 10, Kaeleb Hirji led Windsor with an impressive score of 118, placing him in the top 200 out of approximately 2,500 students across the province. Jingjing Guo was Windsor's top competitor in both the Grade 11 and Grade 12 contests. In Grade 11, Jingjing scored 112, ranking in the top 350 students out of approximately 2,000 provincially. In Grade 12, students write the prestigious Euclid Mathematics Contest, a challenging three-hour written examination that differs significantly from the earlier contests. Jingjing earned Windsor's top score of 58, approximately 10 points above the national average—an exceptional accomplishment made even more impressive by the fact that she achieved this as a Grade 11 student. Congratulations to Jingjing, Mira, Kaeleb, and to all of our Windsor students who challenged themselves by participating in this year's mathematics contests.

Your hard work, perseverance, and mathematical thinking make us proud

Away Games

Good luck to all Teams competing today in various games.
