### **RISKS AND CONSEQUENCES:**

There is a degree of risk in all daily activities. The risk is increased to varying degrees when students are away from the safety and supervision of the school setting. It is impossible to itemize every possible element of risk associated with a Field Trip. Generally speaking, this Field Trip may include, but not be limited to the risk related to transportation

Students must do all they can to ensure a safe, common sense, and controlled experience to reduce inherent risk. The consequences of risk are, again, myriad and dependent on the situation. Students and parents need to be aware that injury can occur from risk, and that injury can range from minor to fatal. Again, students must do all they can to ensure a safe, common sense and controlled experience.

### **BEHAVIOURAL EXPECTATIONS, SAFETY RULES AND REGULATIONS:**

It is important that students remember that behavioral expectations are consistent with all school rules. They are representatives of their school and the North Vancouver School District and are expected to behave accordingly.

### **STUDENTS MAY ATTEND A WORKPLACE WITH ANOTHER STUDENT'S PARENT, AS LONG AS AUTHORIZATION IS GIVEN BY THE STUDENT'S PARENT OR GUARDIAN.**
