

# CAN YOU FIND 3 THINGS YOU CAN DO TO BE FRIENDLY AND INCLUSIVE AT SCHOOL TO SOMEONE YOU ARE NOT IN A FRIENDSHIP WITH?

Give them a  
compliment.

Invite them to play  
with you.

Help them with  
school work.

Smile at them.  
Have a friendly face.

Say "hello" and "how  
are you?"

Choose to sit beside them.

If you have a mean  
thought, don't say it.

Stop and think about  
something nice about that  
person.

Find one thing you have in  
common with them.

If something bothers you about them,  
remember no one is perfect and think  
about one good thing about them.

If they have hurt your feelings in  
the past, ask them if you can talk  
about it.

If they are doing something  
annoying, say, "that is bothering  
me, can you please stop?"

Be tolerant of other peoples'  
differences rather than critical.  
It's great that we are all unique.

Be kind  
be polite  
be respectful
