## School District Statement of Financial Information (SOFI)

#### **School District No. 44 (North Vancouver)**

#### Fiscal Year Ended June 30, 2018

#### MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

#### MANAGEMENT REPORT

Version: 5099-4353-2371

Management's Responsibility for the Financial Statements.

The accompanying consolidated financial statements of School District No. 44 (North Vancouver) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the consolidated financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the consolidated financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 44 (North Vancouver) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Audit Committee, on behalf of the Board, periodically reviews internal consolidated financial statements up to four times a year and provides recommendations. The Board reviews externally audited consolidated financial statements yearly.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of School District No. 44 (North Vancouver) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

#### INDEPENDENT AUDITORS' REPORT

To the Board of Education, and To the Minister of Education, Province of British Columbia

We have audited the accompanying financial statements of School District No. 44 (North Vancouver), which comprise the statement of financial position as at June 30, 2018, the statement of operations, changes in net financial assets (debt) and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements of School District No. 44 (North Vancouver) as at and for the year ended June 30, 2018 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

#### Emphasis of Matter

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

#### NOTE 1 AUTHORITY AND PURPOSE

The School District, established on April 12, 1946, operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 44 (North Vancouver)", and operates as "School District No. 44 (North Vancouver)." A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 44 (North Vancouver) is exempt from federal and provincial corporate income taxes.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the School District are as follows:

#### a) Basis of Accounting

The financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board. The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections effective their first fiscal year commencing after January 1, 2012.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### a) Basis of Accounting (continued)

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital revenue would be recorded differently under Canadian Public Sector Accounting Standards.

#### b) Basis of Consolidation

These financial statements reflect the assets, liabilities, revenues, and expenses of the reporting entity, which is comprised of all controlled entities, including the Cheakamus Foundation for Environmental Learning. Inter-departmental balances and organizational transactions have been eliminated.

The School District does not administer any trust activities on behalf of external parties.

#### c) Cash and Cash Equivalents

Cash and cash equivalents include cash and term deposits that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

#### d) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

#### e) Inventories for Resale

Publications for resale are recorded using the first-in-first-out method. Artists for Kids print inventory is recorded using the specific identification method.

#### f) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### g) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2 o).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished.

#### h) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing.

The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2016 and projected to June 30, 2019. The next valuation will be performed for use at June 30, 2019. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### i) Asset Retirement Obligations

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

#### j) Liability for Contaminated Sites

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- i) an environmental standard exists:
- ii) contamination exceeds the environmental standard;
- iii) the School District is directly responsible or accepts responsibility
- iv) it is expected that future economic benefits will be given up; and
- v) a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

#### k) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties for no consideration are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### k) Tangible Capital Assets (continued)

• The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years
Assets Under Capital Lease	Term of the lease

#### 1) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executory costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

#### m) Prepaid Expenses

Payments for insurance, subscriptions, membership and maintenance contracts for use within the School District in a future period are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

#### n) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved.

#### o) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### o) Revenue Recognition (continued)

Contributions received or where eligibility criteria have been met, are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

#### p) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### p) Expenditures (continued)

#### Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based
  on the time spent in each function and program. School-based clerical salaries are allocated to
  school administration and partially to other programs to which they may be assigned. Principals
  and Vice-Principals salaries are allocated to school administration and may be partially allocated
  to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

#### q) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities and other liabilities.

Except for portfolio investments in equity instruments quoted in an active market that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortized using the effective interest rate method. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments measured at fair value are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations. There are no measurement gains or losses during the periods presented; therefore no statement of remeasurement gains or losses is included in these financial statements.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### r) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 2 requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, estimates for contingent liabilities, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

#### s) Comparative Information

Certain comparative information has been reclassified to conform to the financial statement presentation adopted for the current year.

#### NOTE 3 ACCOUNTS RECEIVABLE – OTHER RECEIVABLES

	2018	2017
GST/PST/HST Receivable	\$81,515	\$127,125

Balance, end of year	\$4,725,858	\$4,396,932

#### NOTE 8 DEFERRED CAPITAL REVENUE

Deferred capital revenue includes grants and contributions received that are restricted by the contributor for the acquisition of tangible capital assets that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. Once spent, the contributions are amortized into revenue over the life of the asset acquired.

#### NOTE 9 EMPLOYEE FUTURE BENEFITS

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

#### NOTE 10 CAPITAL LEASE OBLIGATION

The School District entered into an obligation for multi-function business devices under capital lease during the year, which expires November 30, 2022.

Repayments are due as follows:

2019	\$182,149
2020	182,149
2021	182,149
2022	182,149
2023	69,982
Total minimum lease payments	\$798,578
Less amounts representing interest at 5.38%	78,258
Present value of net minimum capital lease payments	\$720,320

Total interest on the capital lease obligation for the year ended June 30, 2018 was \$22,005 (2017: \$nil).

- Buildings work in progress having a value of \$3,605,051 (2017: \$9,138,714) has not been amortized. Amortization of these assets will commence when the asset is put into service.
- Equipment under capital lease: Included in capital assets is equipment under capital lease with a cost of \$804,568 (2017: \$nil) and accumulated amortization of \$nil (2017: \$nil).

#### NOTE 12 EMPLOYEE PENSION PLANS

The school district and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusteed pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2016, the Teachers' Pension Plan has about 45,000 active members and approximately 37,000 retired members. As of December 31, 2016, the Municipal Pension Plan has about 193,000 active members, including approximately 24,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2014, indicated a \$449 million surplus for basic pension benefits on a going concern basis. As a result of the 2014 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, the employer basic contribution rate decreased.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. As a result of the 2015 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, \$1,927 million was transferred to the rate stabilization account and \$297 million of the surplus ensured the required contribution rate remained unchanged.

School District No. 44 paid \$14,075,488 for employer contributions to these plans for the year ended June 30, 2018 (2017: \$13,325,663).

#### NOTE 13 ACCUMULATED SURPLUS

Accumulated surplus consists of individual fund surpluses as follows:

	2018	2017
Invested in tangible capital assets	\$94,690,927	\$96,407,037
Operating surplus	10,018,731	6,162,327
Local capital surplus	6,134,787	6,027,769
	\$110,844,445	\$108,597,133

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2018, were as follows:

- Tangible capital assets and work in progress purchased from operating fund: \$752,597
- Capital lease principal payments from operating fund: \$84,248
- Tangible capital assets purchased from special purpose fund: \$1,210,136

June 2018 Page 22

2010

#### NOTE 13 ACCUMULATED SURPLUS

(Continued)

The operating surplus has been internally restricted (appropriated) by the Board for:

	2018	2017
Restricted Surplus		
Anticipated Unusual Expenses	\$2,300,000	\$2,300,000
Operations Spanning the School Year	3,981,311	3,150,925
Subtotal Internally Restricted	\$6,281,311	\$5,450,925
Unrestricted Surplus	3,737,420	711,402
<b>Total Available for Future Operations</b>	\$10,018,731	\$6,162,327

#### NOTE 14 RELATED PARTY TRANSACTIONS

The School District is related through common control to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

#### NOTE 15 UNRECOGNIZED ASSETS

The School District manages and controls various works of art and non-operational historical cultural assets including buildings, artifacts, paintings and sculptures located at the Educational Services Center and public display areas. These assets are not recognized in the financial statements. The cost of the permanent art collection is \$2,046,037 at June 30, 2018 (2017: \$1,979,818).

#### NOTE 16 CONTRACTUAL OBLIGATIONS

The School District has entered into contracts related to various capital projects totaling approximately \$53,300,000. These contracts primarily relate to the Argyle Secondary School replacement.

Additionally, the School District has commitments relating to a management contract expiring June 30, 2022 for the operations of the Cheakamus Centre:

2019	\$245,000
2020	250,000
2021	250,000
2022	250,000
Total future obligation	\$995,000

#### NOTE 17 CONTRACTUAL RIGHTS

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The School District's contractual rights arise because of lease contracts entered into for the rental of four locations as summarized below:

2019	\$1,438,200
2020	1,438,200
2021	801,600
2022	382,800
2023	350,000
Thereafter	379,200_
Total future lease revenue	\$4,790,000

#### NOTE 18 BUDGET FIGURES

Budget figures included in the financial statements represent the amended annual budget approved by the Board on February 20, 2018. The Board approved the annual budget on June 27, 2017. The following table sets out the amended annual budget with a comparison to the annual budget.

#### NOTE 18 BUDGET FIGURES

#### NOTE 19 CONTINGENCIES

The School District has granted \$244,817 in irrevocable standby letters of credit in favour of the Corporation of the District of North Vancouver. Two letters of credit, for \$100,000 each, are in lieu of security deposits for general capital projects and the Argyle replacement, respectively. A third irrevocable standby letter of credit in the amount of \$44,817 in favour of the Corporation of the District of North Vancouver was issued in lieu of a security deposit for the Highlands School capital project.

The School District has not accrued the unpaid Teacher Remedy expense of \$448,136 related to the Classroom Enhancement Fund and restored language, pending outcome of the provincial arbitration. The deferred Classroom Enhancement Fund grant revenue of \$322,273 relates to the funds received from the Province in respect of this unpaid Teacher Remedy. At June 30, 2018, a contingent liability of \$125,863 related to a portion of the Teacher Remedy exists.

Certain schools in the School District may contain asbestos. No amount has been recorded in these financial statements with regard to this potential liability since the fair value of the future removal costs cannot be reasonably estimated due to unknown timelines.

The nature of the School District's activities are such there is usually litigation pending or in process at any time. With respect to unsettled claims at June 30, 2018, management believes the School District has valid defenses and appropriate insurance coverage in place. In the event that any claims are successful, management believes that such claims are not expected to have a material effect on the School District's financial position or operations.

Amortization		9,679,007	 9,882,492
	<b>\$</b> 1	178,410,460	\$ 172,474,544

#### NOTE 21 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

#### NOTE 22 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

#### a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, cash equivalents and amounts receivable.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash and cash equivalents as they are placed in recognized British Columbia institutions and the School District invests solely in placement of funds with institutions that have achieved the highest creditworthiness in the marketplace and earned a public reputation as a good credit risk.

#### b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its cash. It is management's opinion that the School District is not exposed to significant interest rate risk as it invests solely in investments that are considered liquid (e.g. term deposits) that have a maturity date of no more than 3 years.

#### c) Liquidity risk:

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

**School District No. 44 (North Vancouver)** 

Fiscal Year Ended June 30, 2018

#### **STATEMENT OF SEVERANCE AGREEMENTS**

There was one severance agreement made between School District No. 44 (North Vancouver) and a non-unionized employee during fiscal year ended June 30, 2018.

This agreement represents 12 months' compensation.

Prepared as required by Financial Information Regulation, Schedule 1, subsection 6(7)

Revised: August 2002

#### **School District No. 44 (North Vancouver)**

#### Fiscal Year Ended June 30, 2018

#### SCHEDULE OF REMUNERATION AND EXPENSES

Reconciliation of Schedule of Remuneration and Expenses to the Audited Financial Statements:

- Schedule is prepared on a cash basis, while Salaries and Benefits in the Financial Statements are prepared on an accrual basis.
- Schedule includes payments to seconded employees which are recovered from other organizations.
- Schedule includes remuneration to certain employees involved in capital projects, which is capitalized.
- Schedule includes employee expenses which are reported as Services and Supplies in the Financial Statements.
- Schedule does not include payments made under severance agreements.

Prepared as required by Financial Information Regulation, Schedule 1, section 6

Revised: January 2007

#### SCHEDULE OF PAYMENTS MADE FOR THE PROVISION OF GOODS AND SERVICES

Reconciliation of Schedule of Payments made for the Provision of Goods and Services to the Audited Financial Statements:

- Schedule is prepared on a cash basis, while the Financial Statements are prepared on an accrual basis. Schedule of payments does not include accrued expenditures included in Services and Supplies on the Financial Statements
- Payments to suppliers include 100% of Goods and Services Tax (GST). Financial Statement expenditures are net of eligible GST rebates.
- Payments to suppliers may be reported in the Financial Statements as Prepaid Expenses, Refundable Deposits, Tangible Capital Assets, or Services and Supplies, as appropriate.

Revised: August 2002

• Schedule of payments include amounts related to employer portion of benefits.
