Please review the **GROUP B – PARKING** presentation boards.

The School District is considering requesting a Bylaw variance to reduce the municipal requirement for on-site parking.

- The existing school has 107 on-site parking stalls.
- 174 on-site parking stalls are required to be constructed for DNV Bylaw compliance.
- 120 on-site parking stalls are proposed to be constructed, to allow more green space, and to allow sufficient space for a future track.
