The North Vancouver Board of Education is seeking public input as it undertakes a land management process that will identify options for repurposing of the Lucas Centre and Cloverley School sites.

Two public open houses will be held on April 16th to gather input on preliminary ideas and options developed by the NVSD, based in part on community input received at previous public events. You are invited to attend one or both to provide input on these early ideas and options for the future of the Lucas and Cloverley sites.
