

Thank you!

Thank you for taking the time to attend the Open House this evening. We appreciate your participation and input.

The information collected during the workshops and open houses will be posted to the project website. The next public input opportunity will be a survey in May. At this time, the NVSD will be seeking additional input from the community on recommendations for the future use of lands on Cloverley.

Check back here to participate in the survey next month: <http://blog44.ca/landmanagement/act/participate-in-online-surveys/>

In developing recommendations for the future of the Cloverley site, we will consider your priorities and ideas as best as possible, and in balance with other considerations identified in the NVSD's Guiding Principles (refer to Panel #8).

The NVSD is also engaging with the District of North Vancouver and City of North Vancouver. Updates on the overall public engagement process will continue to be provided on the NVSD's Land, Learning, and Livability blog at: www.sd44.ca/Board/LandLearningLivability/

Comment forms are available for you to provide additional input, until April 23. You can also leave your email address on the sign-in sheet to receive updates electronically.
