Topic (as per the Memorandum): Student Presentation – Sherwood Park Elementary School

Narration:

Since September, the kindergarten students at Sherwood Park Elementary School have practiced being fully present with one another during a daily breathing exercise. Mindfulness helps establish a learning culture that promotes social and personal development. This daily breathing ritual helps our youngest students strengthen their inner peace and bring a sense of joy and calmness to our classroom community. While seemingly simple, this exercise has helped us create a positive learning environment by cultivating an ethic of altruism and care. We know that happy, healthy children learn best so why not carve out a few moments every day to nurture their well-being.

Narration:

Introduction and Summary

As required under the School Act, the Board must adopt its budget bylaw on or before June 30, 2019, for the 2019/20 fiscal year. The draft 2019/20 Annual Budget, which balances estimated expenditures to forecasted revenues, is presented to the Board for their consideration this evening in the form specified by the Minister of Education, and is in the amount of \$191,368,924.

Budget Preparation Processes and Public Meetings

At its December 11, 2018, Public Meeting, the Board of Education approved the budget process for the 2019/20 Preliminary budget. The five partner groups; North Vancouver Parent Advisory Council (NVPAC), North Vancouver Teachers' Association (NVTA), Canadian Union of Public Employees (CUPE Local 389), North Vancouver Administrators (NoVA), and District Student Leadership Council (DSLC) were invited to attend Finance and Facilities Standing Committee meetings. At these meetings they would be provided budget information and opportunities for partner group presentations, group discussion, and input.

On February 5, 2019, there was a staff presentation on Budget development components for 2019/20, including historical and current revenues and expenses, budget timelines, operating grant and the three-year forecast.

On April 2, 2019, there were presentations made by three partner groups and table group discussion related to the presentations, emailed comments, updated forecasts and the Preliminary Grant Announcement by the Province. The table groups discussed their priorities and provided their group feedback on the budget priorities for the Executive to incorporate into their recommendations.

At the April 23, 2019 Public Board Meeting, the Executive's recommendations for the 2019/20 Budget priorities were presented to the Board for consideration. The recommendations were adopted by the Board as the budget directions.

The 2019/20 Annual Budget, in the form required by the Ministry of Education, incorporates the Board approved budget directions. The Board will consider adopting the 2019/20 Annual Budget Bylaw at this evening's meeting.

2019-2020 ANNUAL BUDGET PRIORITIES EXECUTIVE COMMITTEE RECOMMENDATIONS

The public consultation process for input into budget priorities presented opportunities for Partner Groups and the public to identify and discuss their top budget priorities. From that process, five broad themes and subcategories were identified as being in line with the Board of Education's Strategic Plan and as a result are representative of the desired organizational focus. The Executive Committee has organized this input and offered recommendations within these five themes for the Board's consideration.

Budget directions have been incorporated into the Draft 2019-2020 Preliminary Budget and are identified in each of the respective themes and sub-categories throughout this document. These items are presented, in italics, as **Budget Implementation** items.

1. EQUITY

STRATEGIC GOALS:

Expand the availability of best instructional practices and enriched curriculum **Encourage** the growth of collaborative, adaptive and personalized learning environments

A. CLASS SIZE AND COMPOSITION

Class size and composition is supported by the Classroom Enhancement Fund (CEF). For the 2019-20 fiscal, the CEF currently provides approximately 90 percent of prior year Teacher funding. The CEF funding will subsequently be adjusted in the Fall of 2019. Remedy requirements will be determined at the end of September and remedy funding finalized in October 2019, as per past practice.

- The current CEF funding of \$8,035,784 equates to approximately 80 FTE Teachers of the required 88.5 FTE Teachers. The CEF funding addresses 66.5 FTE enrolling Teachers, 7 FTE Teachers for the Special Needs School Committee, and 15 FTE non-enrolling Teachers. The Operating Fund is covering the shortfall in CEF funding of 8 FTE until adjusted by the Ministry in the Fall of 2019.
- CEF provides funding for 90 FTE Education Aides and full funding has be allocated by the Ministry.
- The Learning Improvement Fund Support Staff for the 2019-20 fiscal is \$506,353 and provides an additional 30 minutes per week for all Education Assistants working with students with special needs, as well as approximately 5 FTE Education Assistants.

It is recommended that class size and composition be supported through both the CEF and LIF Support Staff funding and, where available Operating Fund budget exists, additional staffing be provided. The restored language identifies the specifications that need to be met in both class size and composition.

Budget Implementation: CEF funding has been utilized as described above. The shortfall of approximately 8 FTE Teachers has been funded through the Operating Fund until such time as CEF funding is adjusted.

B. <u>RESOURCING ABOVE RATIO</u>

Ratio Staffing is funded by the Operating Grant, with the exception of 15 FTE funded by CEF for LST, SERT, and/or ELL staffing. In both the 2018-19 and 2017-18 Budgets, the Board enhanced non-enrolling ratio staffing from Operating funds. This was achieved through the reallocation of resources from other areas within the organization.

It is recommended that during the budget creation opportunities for enhanced, non-enrolling staffing be explored, including the use of non-bargaining staff.

Budget Implementation: Elementary Vice Principals with LST expertise will be utilized to provide direct support to students. The Preliminary Budget includes 2.0 FTE for this purpose.

Budget Implementation: Ratio Staffing has been set at, or above, the required ratio levels. The 7.438 FTE over the required ratio is funded from the Operating Budget. Teacher Ratio Staffing is identified in the table below.

RATIO TEACHER CATEGORIES & FTE						
RATIO CATEGORIES	<u> </u>	NON-RATIO

Total Teacher Ratio FTE:	153.171	160.609	7.438	6.500		

Preliminary Budget 2019-20 RATIO TEACHER CATEGORIES & FTE

Projected Student FTE Enrollment for 2019-20: 14,964.00 FTE

- Counsellor staffing is 3.056 FTE greater than the required ratio.
- The combined LST, SERT, and ELL is above the required ratio by 4.274 FTE.
- The CEF funded 7.0 FTE SNSC Teacher staffing, which does not count toward meeting ratio, and was allocated in the following manner:
 - Counsellors, LST, and ELL received 6.5 FTE of the SNSC staffing, as noted above.
 - The balance of the SNSC staffing was attributed to non-ratio staffing of Co-Teaching (0.3 FTE) and Speech & Language Pathologists (0.2 FTE).

C. ADMINISTRATORS

- Elementary Vice-Principal workload was identified as an area requiring capacity to allow for support to Teachers in the classroom and administrative time for Vice-Principals. Support to Teachers was identified as an ongoing need, given the increased number of Teachers in the schools, many who may be in an early stage of their career.
- Principals and Vice-Principals will need time and training opportunities to enable mentorship and support to teachers in the classroom.
- The CEF tracking requirements continue to present significant time challenges upon the Administrative Teams in the Schools and limits the time they have to dedicate to teacher mentoring and support in the classroom.
- Ongoing support for the district coordination and leadership of the Social Emotional Learning and Mental Health (SEL/MH) initiative was identified as key to successful implementation.

It is recommended that the point time for Elementary Vice-Principals be reviewed for workload issues and that additional Administrator time for coordination and leadership of Social, Emotional Learning and Mental Health be considered.

Budget Implementation: Funding has been provided from the Operating Fund to support 0.57 FTE for a District coordinator of the SEL/MH initiative.

D. <u>RESOURCES</u>

• This category is broad and may address many facets of the classroom and school. Equity funding is currently held at the District level to support school initiatives when funds are limited at the school level.

2. CULTURE, CLIMATE, AND SCHOOL ORIENTATION

STRATEGIC GOALS:

Nurture an inspiring and healthy work environment *Expand* the availability of best instructional practices and enriched curriculum

School Planning and Development utilizes a process of appreciative inquiry and provides a focus on education, culture, and climate within a school.

A. INVESTMENT IN PEOPLE

• Training and development opportunities continue to be an organizational focus in order to build capacity in all staff, at all levels of the organization. As initiatives or areas get identified, they will be addressed through in-service training or mentorship opportunities. Many of these initiatives are

identified in other themes and categories within this document. Due to the challenges of the current TTOC shortage, the training delivery has been shifted to outside of school hours.

It is recommended that staffing consideration be given to enhancing the Joint NVSD/NVTA Teacher Mentorship Program.

Budget Implementation: The 2019-20 Preliminary Budget provides funding from the CEF for a full-time, one year temporary exempt position that will focus on recruitment and coordination of mentorship program efforts for all our employee groups. This will be funded for a one year trial period. The 2019-20 Preliminary Budget continues to provide \$10,000 for release time to support the Teacher Mentorship Committee.

B. <u>STAFF RECRUITMENT</u>

• The recruitment and retention of skilled and experienced staff, in all areas of the organization, remains a key focus. Numerous strategies to attract employees have been utilized, such as collaboration with post-secondary institutions, attending recruitment job fairs, hosting Student Teacher and Education Assistant sessions, and promotional materials.

It is recommended that resources be set aside for recruitment initiatives.

Budget Implementation: The Preliminary Budget includes resources to support recruitment initiatives.

• The NVTA has requested an increase in the annual Professional Development funding that is provided to the Local per current Collective Agreement language.

It is recommended that this be addressed through the collective bargaining process.

- C. <u>SCHOOL CLEANLINESS</u>
 - School Cleanliness includes consideration of Custodial staffing and organization that would improve overall cleanliness, staff engagement, and workload efficiencies.

It is recommended that the School Cleanliness Committee continue to be drawn upon to assist with the delineation of a multi-year project plan and that the funding for planning and implementation of approved strategies be included in the 2019-20 Preliminary Budget.

Budget Implementation: The Preliminary Budget provides continued support for the School Cleanliness Committee's work. An additional 1.0 FTE Custodian has been allocated for the 2019-2020 fiscal, as well as an investment in custodial cleaning equipment, such as floor auto-scrubbers.

D. TECHNOLOGY INFRASTRUCTURE

 The technology equipment and devices used by Students for educational purposes in the classroom requires a detailed analysis and understanding of the student centric technology needs in each school. The process is currently underway to determine what technology equipment will be included as standard equipment in each classroom.

It is recommended that the identified standard classroom equipment be incorporated into a School Technology Plan template. Individual schools will utilize the template when developing a School Technology Plan that informs their broader School Plan. Further, the School Technology Plan will assist Schools in defining the baseline level of technology to support Student learning.

Budget Implementation: The identification of standard classroom equipment is underway and funding has been set aside to support a pilot phase in the 2019-20 fiscal year. A more fulsome understanding of the current and ongoing cost requirements will be available by the 2019-20 Amended Budget timeline. The 2019-20 Preliminary Budget provides \$500,000 to support this initiative.

• The School District has replaced many aging buildings and upgraded others, however, the technology infrastructure (behind the walls) within school buildings has a much shorter useful life than the building life cycle. Providing functional technology for the classroom and office environment is a challenge that needs to be addressed through a multi-year, ongoing plan.

It is recommended that ICT develop a multi-year plan that will identify the ongoing upgrades and related costs to bring aging infrastructure up to date.

Budget Implementation: The Preliminary Budget provides funding for ongoing infrastructure upgrades to achieve the goal of standard and reliable infrastructure in all facilities.

E. ENGAGEMENT SURVEY

• The recent Employee Engagement Survey will provide information on opportunities for action. To ensure that the organization is able to develop a plan to move forward, funding will need to be considered.

It is recommended that funding continue to be put aside in the 2019-20 budget to continue with the implementation of strategies to address opportunities arising from the results of the 2019 Engagement survey.

Budget Implementation: The Preliminary Budget provides \$20,000 in funding to support initiatives that will be identified from the 2019 Engagement survey results.

F. EXEMPT WAGE INCREASES

• As the Provincial Government continues to implement the managed thaw of the wage freeze for Exempt Staff (all non-unionized staff), there has been an expectation that Boards of Education will fund the PSEC authorized increases. There is no indication that the Provincial Government will change that practice and there is a need to plan for modest increases in the 2019-20.

It is recommended that the 2019-20 budget include an estimate for salary, labour market adjustment, and benefit increases for Exempt Staff that would fall within the PSEC guidelines.

Budget Implementation: The 2019-20 Preliminary Budget includes an increase for Exempt Staff that will address both salary and benefit increases and allow the continued progression through the respective wage grids. An increase of approximately 3% has been utilized for Exempt wage costs and is in keeping with the Provincial Government's Bargaining Framework.

3. ENHANCING CURRICULUM AND INSTRUCTION

STRATEGIC GOALS:

Nurture an inspiring and healthy work environment *Expand* the availability of best instructional practices and enriched curriculum *Encourage* the growth of collaborative, adaptive and personalized learning environments

A. CURRICULUM TRAINING AND MENTORSHIP

• The 2019-20 Curriculum and Learning Support Fund (replacing the BC Education Plan) will be directed toward the implementation of the K-12 provincial curriculum, including indigenous content, as well as focusing on mental health, modernizing assessment and reporting practices, and other Ministry identified initiatives to support student outcomes.

• New Teacher and TTOC training on the new curriculum has been identified as an opportunity to foster the growth of Teachers who have not had the benefit of training on the new curriculum.

It is recommended that the Curriculum and Learning Support Fund address Ministry specified curriculum areas and that additional funds be directed toward targeted curriculum training initiatives.

Budget Implementation: The 2019-20 Preliminary Budget continues to support training and development initiatives related to new curriculum, mental health, and assessment and reporting practices.

B. CURRICULUM DESIGN AND RESOURCES

- Various initiatives to develop Grade 11 and 12 curriculum materials are undertaken by the Design Series, Summer Writing, and JEPIC, and funded through the base budget. Curriculum resources may be required in the 2019-20 fiscal and there may be a need for additional funding for these resources.
- Curriculum Innovation Grants to schools may be an opportunity for individual schools to implement the new curriculum.
- Networks of Professional Practice Grants to FOS's may be an opportunity for groups of schools to implement the new curriculum.

It is recommended that funding be set aside for curriculum resources.

Budget Implementation: The 2019-20 Preliminary Budget provides ongoing support for the various committees and initiatives that address curriculum design and development of related resources.

4. COMPLEX LEARNERS

STRATEGIC GOALS:

Expand the availability of best instructional practices and enriched curriculum **Encourage** the growth of collaborative, adaptive and personalized learning environments

Addressing the needs of complex learners can be achieved through a wide variety of initiatives such as training, mentorship, and direct supports to students.

A. TRAINING & MENTORSHIP

For the past number of years, the following training initiatives have been funded:

- Principal and Vice Principal Training in the Popard Training in Autism and related disorders;
- Education Assistant training and development to build the capacity of current Education Assistants.

It is recommended that these initiatives continue to be funded from the 2019-20 Operating Budget.

Budget Implementation: The 2019-20 Preliminary Budget includes funding to support training and development for staff, including \$40,000 for Popard training.

B. DIRECT SUPPORTS TO STUDENTS

• Learning Support Teacher Team Development and Teaching to Diversity are two initiatives that have been identified for the School level that would provide in-service and support to Teachers, and enhance learning supports for students with complex needs.

It is recommended that resources be identified and training continue to be a priority in supporting LST development.

Budget Implementation: The continuance of these two initiatives is supported through the 2019-20 Preliminary Budget.

5. SOCIAL, EMOTIONAL LEARNING

STRATEGIC GOALS:

Develop and promote innovative and sustainable programs **Expand** the availability of best instructional practices and enriched curriculum **Encourage** the growth of collaborative, adaptive and personalized learning environments

A. <u>TRAINING</u>

A number of initiatives related to mental health were previously identified and these initiatives continue to offer value and address need.

- Coordinated training for employees in the Social Emotional Learning and Mental Health continuum has been supported by the "Education and Mental Health Hub" Ministry funding. The training has supported the:
 - 1. Creation of a sense of belonging for all students;
 - 2. Teaching of SEL Skills;
 - 3. Positive Mental Health Literacy; and
 - 4. Integrated Mental Health.

It is recommended to maintain a financial commitment toward employee training in the Social Emotional Learning and Mental Health continuum.

Budget Implementation: The Mental Health Hub provides funding for Social, Emotional Learning and Mental Health training for staff. The implementation of a District coordinator, funded through the Operating Fund, will ensure the continuance of this work.

• Implementation of the CASEL Model for Social Emotional Learning, and Stan Kutcher's Positive Mental Health Initiative.

It is recommended that we continue to work with School District Counsellors and community agencies, as identified in previous budgets, to develop a shared framework and language of support for school aged children.

Budget Implementation: The continuance of this work will be supported by the Mental Health Hub funding during 2019-20.

• Mental Health Training for Counsellors, Learning Support Teachers, and other staff to support Students with Special Needs and developmental disabilities. This training may also be considered for all types of students.

It is recommended that the training with Counsellors, Learning Support Teachers, and other staff, to build capacity, continue in 2019-20.

Budget Implementation: This is an ongoing initiative that is supported in the 2019-20 Preliminary Budget.

B. INCREASED RESOURCES

Service delivery and programs for social, emotional, and mental health are in high demand. A review of the methods of delivery, particularly around mental health supports, could improve the overall utilization of resources. As well, there is a need to attract and retain qualified staff to provide supports to students.

It is recommended that continued support be provided for service delivery in programs for social, emotional, and mental health. It is further recommended that this initiative be viewed within a three to five year horizon.

Budget Implementation: This initiative will be supported through the SEL/MH District coordinator, funded from the Operating Fund in the 2019-20 Preliminary Budget.

Administrative Memorandum

Meeting Date	e: May 21, 2019	🛛 Board	Board, in camera
meeting Date	- iviay 21, 2019		

Topic (as per the Memorandum): Trustee Stipend

Narration:

Prior to January 2019, the Income Tax Act (ITA) rules provided for the ability of Trustees to receive a portion of their stipend as non-taxable. The non-taxable portion of the stipend was not to exceed 50% of salary or other remuneration paid to the Trustee in a calendar year. This ITA exemption has been removed effective January 2019 and a non-taxable portion of stipend is no longer allowed. That is, all income received by a Trustee is to be taxable for the 2019 calendar year and all subsequent years.

The Board of Education's Policy 107 outlines that in keeping with the *School Act*, Trustees shall receive an annual stipend, the amount to be set by Board resolution. The annual stipend is to be adjusted annually, each July 1, in accordance with the increase in the Vancouver Consumer Price Index. The policy further states that the Board will authorize the reimbursement of Trustee expenses in accordance with the *School Act Section 71*, and that are consistent with the Administrative Procedures to Policy 107.

At the March 12, 2019, Public Board meeting, the Board passed a motion directing Staff to research the approach that other Metro School Districts have taken related to the ITA changes and that the information be presented at the May 2019 Public Board meeting.

Analysis of the taxation impact for North Vancouver Trustees demonstrated that an increase of approximately 9% will be required to bring the net pay back to the 2018 level. Using this approach, and rounding to the nearest \$100, generates the following Stipend rates: Chair \$29,700; Vice-Chair \$28,200; Trustee \$27,400.

School Districts in the Metro Vancouver area, as well as across the Province, have taken a variety of approaches to address the tax change. These approaches have been grouped into four categories that the Board of Education may wish to consider.

- a. Match the change implemented by the local municipality, or surrounding municipalities, in keeping with the School District's current practice.
 - This is not a practice that the North Vancouver Board of Education has followed in the past, therefore, this option has not been presented.
- b. Increase the stipend by a percentage or set dollar amount, to enable the same net pay.
 - Should the Board wish to make an extraordinary adjustment to the Stipend, to address the impact of the ITA, the change could become effective as early as January 1, 2019.

Schedule..B.2..(continued)

Narration (continued):

- c. Defer any increase until the School District's annual stipend review timeline.
 - Board Policy 107 sets the timing for the next annual review and stipend increase equal to the Vancouver Consumer Price Index (CPI), effective July 1, 2019. The Board may wish to combine the annual CPI increase with an adjustment to reflect the comparator School District Stipends levels, rather than address the ITA rule change.
- d. Make no changes.
 - Several School Districts in the Province, including some in the Lower Mainland, chose not to make an ITA adjustment.

RECCOMENDED MOTIONS:

Option 1

that the annual Trustee Stipend be adjusted, effective January 1, 2019, to reflect the impact of the Income Tax Act changes and,

that the annual Trustee Stipend rates adjusted to: Chair \$29,700; Vice-Chair \$28,200; Trustee \$27,400.

Option 2

that the current Stipend remain in place and that the next review of the Stipend occur in the Fall of 2019 in keeping with Policy 107.

Topic (as per the	
Memorandum):	Elementary School Fees 2019/20

Narration:

In accordance with the *School Act* s. 82 (3), Boards of Education may charge supplementary fees to students and parents for goods and services provided by the board. The North Vancouver School District Board of Education has developed Policy 706: School Fees, incorporating the requirements and provisions of the legislation and detailing administrative procedures for establishing and communicating school fees. The policy is reviewed on an ongoing basis to ensure consistency with changes in legislation, to reduce ambiguity in interpretation, and to support appropriate implementation.

Policy 706 requires that each North Vancouver school and specialty academy annually establish a schedule of fees. For elementary school fees, these are developed and reviewed each spring, in order that they may be published to school communities in advance of the school year in which they will apply. Fees for secondary schools and specialty academies are addressed in the winter, in order that they are available for inclusion in course programming guides that are published each January.

The process for developing school fees requires school administrators to consult with appropriate staff, students, and parents (PAC), and to establish supplementary fees at the minimum level necessary to recover the cost of the activity/material. The proposed fee schedules are shared with parents at PAC meetings prior to their finalization.

The Superintendent of Schools annually reviews the individual schedules of school fees for consistency across the school district and provides the schedule of fees to Trustees for their information. Accordingly, the *Schedule of Supplementary Elementary School Fees 2019/20* for the North Vancouver School District is attached for the Board's information.
