PUBLIC INPUT ON BUDGET

Between February 3 and March 12, 2021, the North Vancouver School District launched an exchange to gather public input to inform our decisions on the building of the 2021/22 budget.

We asked students, staff, parents/guardians and community members to answer the following question:

*As we plan for the 2021/22 school year, please let us know the initiatives that are important to you, including how each initiative relates to the NVSD's strategic goals.**

**The NVSD is currently refining the draft goals for the 2021-2031 Strategic Plan, goals which have been shaped through community input.*

RESULTS

Overall. The budget exchange involved 42 participants. A total of 45 thoughts were shared, which received 461 ratings.

As we plan for the 2021/22 school year, please let us know the initiatives that are important to you, including how each initiative relates to the NVSD's strategic goals*.
