| B. | Engagement Evening: Enhancing Student Learning | 7:05 pm |

*A Framework for Enhancing Student Learning* in the North Vancouver School District

The North Vancouver School District is inviting discussion regarding new processes for School District planning under the provincial *Framework for Enhancing Student Learning* newly introduced by the Ministry of Education.

A multi-stakeholder representative group, including members of the North Vancouver Teachers' Association, the Canadian Union of Public Employees, the North Vancouver Parent Advisory Council, the Squamish and Tsleil-Waututh First Nations, and School District staff, has been working on the development and implementation of this new *Framework for Enhancing Student Learning* in the North Vancouver School District. Their work will help to guide the evening's activities designed to collect public input and comment regarding the design of the School District's process for identifying its highest priorities for student learning and engagement.

A brief overview of the provincial *Framework for Enhancing Student Learning*, as well as background on the work done to date within the North Vancouver School District, will be provided in advance of an interactive, facilitated discussion period.
