Emergency Preparedness Week - May 2 to 8

With the arrival of May comes Emergency Preparedness Week, an annual event to encourage Canadians to pause, reflect and take action around being better prepared for a major emergency. Here are a few tips to get you started:

- *Stock up on water:* 4 litres per person per day, for a minimum of 3 days.
- *Stock up on emergency food:* a minimum 3-day supply of ready-to-eat foods that don't require refrigeration or cooking. Don't forget the pet food.
- *Gather emergency supplies:* First Aid kit, flashlight with extra batteries, battery-powered radio, work gloves, personal sanitation supplies (garbage bags/moist towelettes), whistle, and dust mask. Put it all together in one spot that is quickly and easily accessible.
- *Make a reunification plan with your family.* Where will you meet? Who will pick up your children from school if you aren't able to get there? Talk this through with your family.
- *Download [Alertable](#),* a free public notification system that North Shore Emergency Management is using to issue emergency alerts.

The most important thing to do is just start. For additional preparedness information, visit [North Shore Emergency Management](#) or [PreparedBC](#).
