

April 23, 2021

Hello Argyle Families,

Students should be congratulated on finishing their Quarter 3 classes and be proud of how they have navigated all the changes they have experienced in a very different year. Quarter 4 classes started on Wednesday. It was wonderful to see a bit of “September Excitement” as students moved on to their new classes and teachers.

With COVID-19 cases at record-breaking levels throughout the province, and the knowledge that schools often reflect what is happening in the community, we thank-you for continuing to remain vigilant. As a reminder to all students:

- Use the [daily health check](#) before arriving at school
- Stay at home when feeling ill
- Practice diligent and frequent handwashing
- Practice physical distancing whenever possible, even outdoors
- Wear a mask in settings and situations when they are required or encouraged
- Spend time close to home with members of our own household
- Adhere to province-wide [restrictions](#)

3. Argyle Athletics

A number of sports teams/groups are in session and even though extracurricular athletics currently looks quite different from previous years, there are still many opportunities for students to be active, develop skills and improve fitness in anticipation of a return to more traditional activities in the future.

All teams are required to file detailed 'return to play' plans that outline the types of activities that will occur and expectations for physical spacing, mask use and cleaning/hand hygiene. Attendance is recorded each session for contact tracing purposes.

Many teams are still accepting new members; students can contact team sponsors and coaches via MS Teams or for further information, see our athletic director, Mr. Kelsch.
