**Period & Day**

The period corresponds to what time period in the day on the block order sheet to the left. The morning rotates. When you receive your timetable write each class wherever you see the period on a blank block order sheet. The day is just 1 or 2. Day 1 periods are 1-4 and Day 2 periods are 5-8. X-blocks (Periods 9-30) are outside regular day. Grade 8's usually don't have these.
