ITA YOUTH ONBOARDING

Introduction to ITA Youth

October 1st 2020

OVERVIEW

- Understand ITA youth programs and processes.
 - Understand the phases of the programs.
 - Explain and reference the programs to Students, Parents, Teacher, etc.
 - Ask questions throughout
- *Please Note that this presentation is being recorded.

WHAT IS A TRADE ?

The Skilled trades are occupations that require a special skill, knowledge or ability which can be obtained through a combination Technical training and Work Experience. Skilled trades provide an alternative to jobs that require four years of college education. They are generally divided into the following categories: Manufacturing, Transportation, Construction and Service.

Please see the below link for a link of the Trade programs the ITA offers.

<https://www.itabc.ca/discover-apprenticeship-programs/search-programs>

WHAT DOES AN APPRENTICESHIP JOURNEY LOOK LIKE?

INDUSTRY TRAINING AUTHORITY (ITA)

- Manages BC's industry trades training and certification system
- Works with employers, employees, industry, labour, training providers, and governments to increase opportunities in the trades
- There are more than 100 apprenticeship training programs in BC, including 49 Red Seal trades
- Funds & oversees trades training programs to high schools and post secondary institutions across BC
- The ITA Youth team oversees youth apprentices who are under 20 years old and taking some form of trades programming through the high school, or post secondary systems

WHO IS THE ITA YOUTH TEAM?

- Youth team consists of 4 members
- Annual budget of \$8.3M
- Engage with 60 districts, First Nations & Independent schools
- Closely connected with Ministry of Education
- Separate funding stream to support trades training in BC

ITA'S STRATEGIC PLAN AND MANDATE

ITA's Four Goals

- Build diversity in trades training
- Connect Apprentices with employers
- Enhance access to services
- Work with key partners to increase system performance

Youth Team's Focus for the 2019-2020 School Year

- Increase apprenticeships
- Increase engagement and participation with Indigenous students, female students and other equity seeking groups

- Students eligible for \$1000 award if they meet criteria

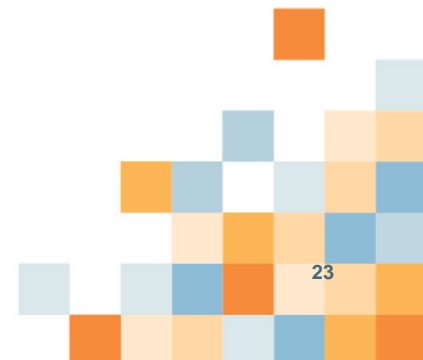

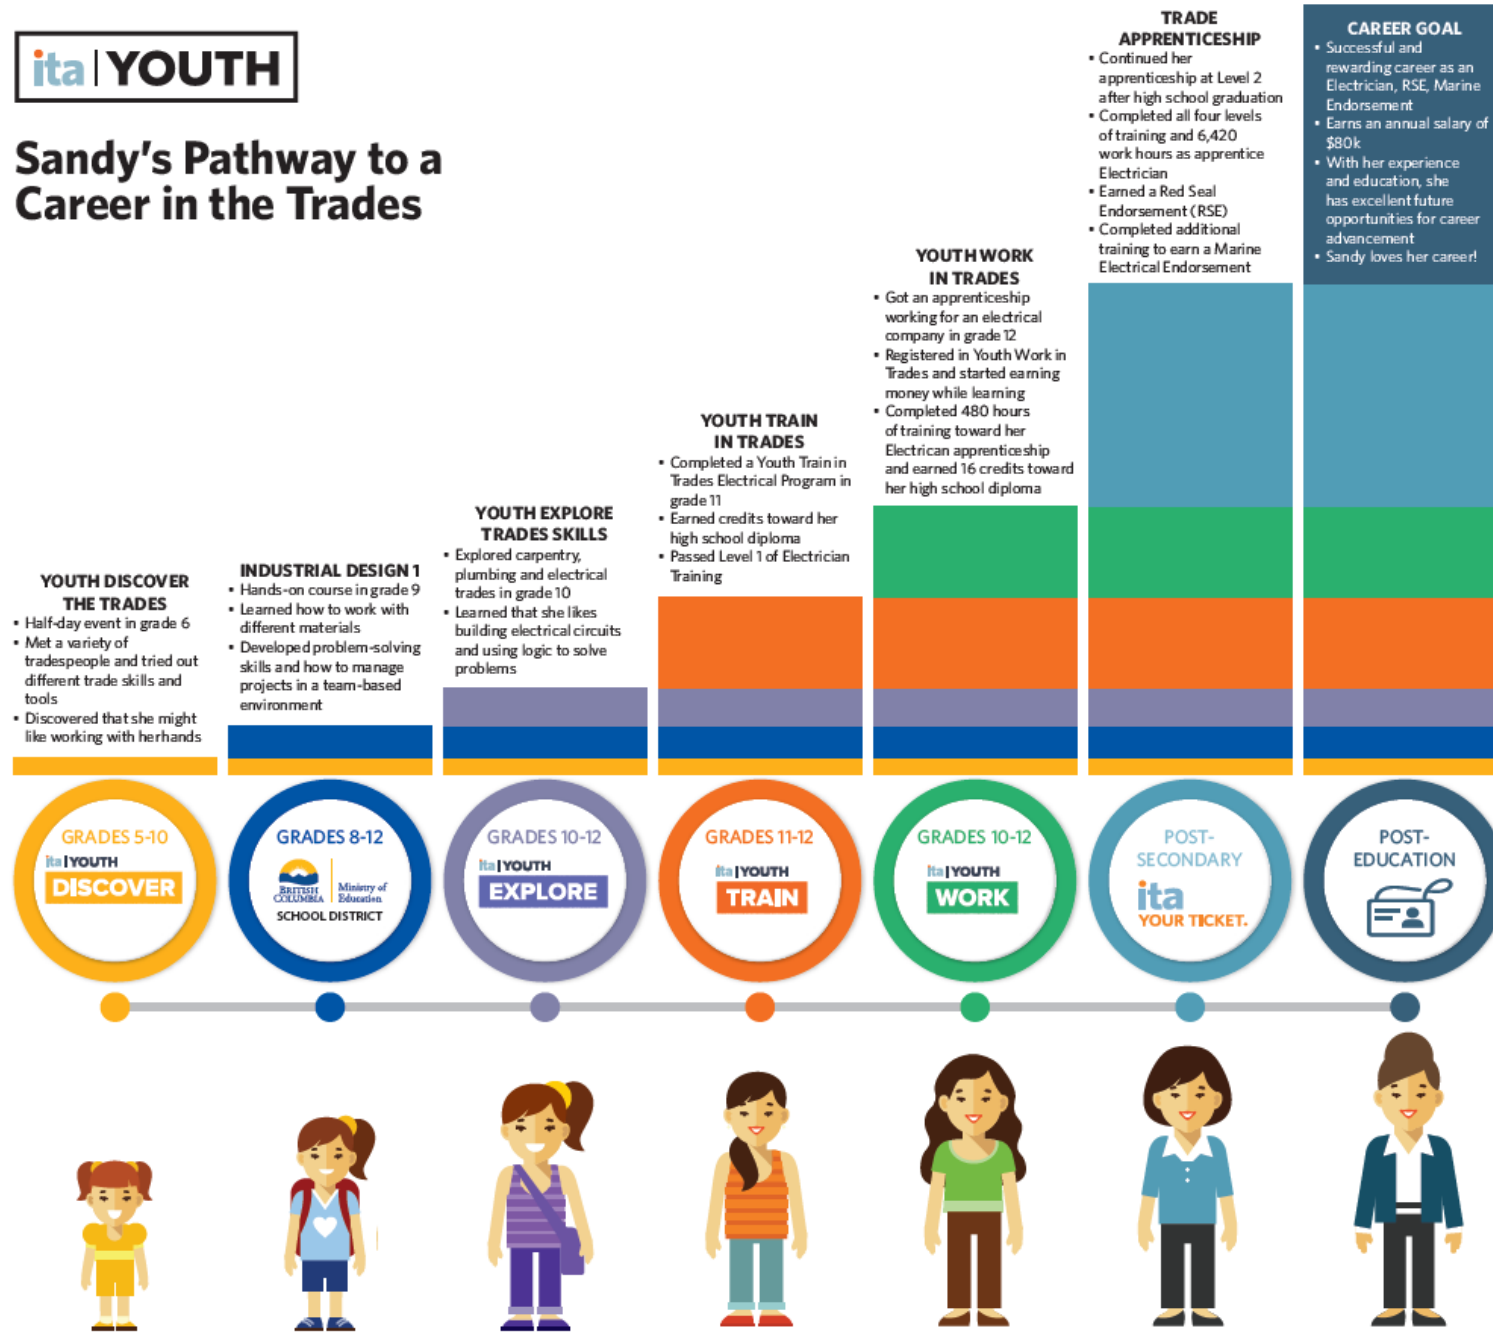

WHAT IS AN APPRENTICESHIP?

A trade apprenticeship is how you gain the knowledge and skills you need for a career in your trade. Most apprenticeships take about four years to complete. You'll spend approximately six to eight weeks per year in the classroom or shop learning from an instructor. The rest of the year, you'll earn while you learn, working on a job site alongside experienced tradespeople and getting paid to do it.
