

Physical and Health Education 9 and 10 Course Information

Philosophy: to enable all learners to enhance their quality of life through active living.

Physical Education 9, further development of fundamentals and game strategies are taught. Mental health and healthy decision making will also be taught. Physical Education 10, students will explore a variety of individual and group activities. Leadership skills will be introduced and students will be encouraged to pursue leadership opportunities.

Physical Education classes will explore indoor and outdoor activities. Students are required to be prepared to participate in BOTH indoor and outdoor activities each day, regardless of weather conditions.

The course will take place over a 10 week period. Half the course, will be in person Monday to Friday. The other half of the course, will be a blended model. On Mondays, all students will meet online via MS Teams. The class will be divided into two groups. Group A will meet in person Tues & Thurs; group B will meet Wed & Fri. Student participation is essential to success. Each student must attend regularly, demonstrate a willingness to learn, and put in a solid effort regardless of skill level.

Core Competencies:

- Communication, thinking, and personal/social

Big Ideas:

- Physical activity is an important part of overall health and well-being.
- Finding enjoyable recreational activities can motivate people to participate more regularly in physical activity.
- Safety and injury prevention practices allow lifelong participation in physical activities.

* Activities may include indoor/outdoor individual, dual and team pursuits. Further description of the PHE 9 and 10 curricula is available on the BC Ministry of Education website.

Student Expectations
