

Study Block Application 2024 - 2025

Criteria

Applications will be considered for students meeting ALL of the following criteria:

- You are a current grade 11 or 12 student applying for the 2024-2025 school year planning to take less than 8 courses total (including CLC 12 / X block courses)
- You are not a PEAK PERFORMANCE applicant (PEAK blocks are assigned from PEAK applications)
- You have a demanding course load and a study will allow you to complete work for your classes.
- You have an impeccable record of attendance with no unexcused absences.
- You have an excellent record of citizenship and have demonstrated the ability to work independently.

Responsibilities

A study block is a privilege and comes with responsibilities. If a study period is granted:

1. During your study period you are expected to be using the time productively working on course work. As there is no direct supervision, Grade 11/12 students may remain on site. Students who do not use their study productively will be asked to leave campus. Suitable study spaces are:
 - a. In the Library with specific permission from the librarian.
 - b. In a classroom, collaborative space or break-out room with a teacher's permission.
 - c. In the Multipurpose Room (cafeteria or upper landing).
 - d. Off campus either at home or other suitable learning space.
2. In the event of an emergency (evacuation, fire, etc) students on studies report directly to office staff at the teacher reporting station (near garbage bins).
3. Students who do not use their study appropriately may have their study revoked and an additional class scheduled. In the event of a study being revoked, a student would need to join a class already in session; it would be a student's responsibility to catch up on all the missed work.
4. The Study Period does not provide credits towards graduation. It is the student's responsibility to determine how a study block will impact graduation status and post-secondary choices.
5. Students on studies do not have access to fitness facilities including the weight room, dance studio and gymnasiums.

Application Process

1. Write a formal statement, indicating why you need to have this time, and how you plan to use your study to improve your achievement.
2. Read and agree to the Responsibilities listed above.
3. Complete the section below.
4. Hand in your application along WITH your course selection form.
5. Application deadline is April 12th for the 2024-2025 school year.

Edit and Submit this form to your counsellor. Form must be signed by Parent/Guardian

Student name (last, first):

Current Grade:

In timetable (ie. Periods 01 – 08) course requests for next year.

1.	5.
2.	6.
3.	7.
4.	8.

X-block courses where applicable (ie. Music, yearbook, Theatre Company):

--	--	--

If you are assigned a study the course you would like to drop is:

Personal statement indicating your reasons for needing a study and how you will use the time productively.
