

Dear Blueridge Families,

As Spring Break comes to an end, we would like to provide you with a brief update. We hope you are all staying safe and healthy and finding creative ways to maintain a sense of calm in these uncertain times. It is our goal to build on our community of trust and understanding. We are working hard with our staff to build an environment that supports educational continuity. We are dedicating the week ahead to prepare and design what this looks like. In the meantime, we ask for your continued patience and understanding. Teachers will be reaching out to you by the end of next week.

Important Information:

- ONLY limited staff will be at the school next week. Doors will be locked. DO NOT SEND CHILDREN TO SCHOOL. Schools are NOT open to students/parents during the week of March 30-April 3. Emergent and/or specific questions should be directed to the Principal or Vice Principal by email or phone.
- * School staff will be working and will begin planning for Educational Continuity and the continuation of learning. More info on details will be provided later, but teachers will begin connecting with/contacting students later in the week. Speak to the importance of connection and relationships, especially in uncertain times.
- * Over the next 2 weeks, schedules will be established to allow for students, if necessary, to collect personal possessions and/or resources. Controlled access to the building is required to ensure social/physical distancing and to keep buildings safe.
- * Consider links to Ministry of Education FAQ or other government information.

Thank you all for helping to keep our community safe and healthy. A special thanks and appreciation for those of you that work in essential services, we hope you can hear our cheers every night at 7:00.

Take Care,

Susan and Bridget
