**WE THOUGHT YOU'D LIKE TO KNOW....**

What an interesting week this has been! Mother Nature gave us a bit of a surprise with 2 snow days which has made today feel like a Monday all over again! We are so impressed with how well the students listened to the safety announcements today and used their outside time to be creative in their play. The students continue to show kindness and care for each other which is so amazing! So many forts and snow people were created! This is also a good time to remind adults and students that it's a good idea to tuck an extra pair of socks into backpacks and to bring a pair of dry shoes to wear inside. Next week's weather is looking like it will be a "big melt" which could make for a messy playground.

Thank you for remembering to use your road sense and model safe practices for your children. We've received a number of concerning reports of adults stopping (and parking) in front of the staff parking lot and/or entrance or dropping their kids off in the middle of the street and then reversing to do a U-turn at 26<sup>th</sup> and William. Safety for all has to be a priority!! If you're running late, it doesn't matter... you know how the saying goes... "better late than never." The snow is definitely creating challenges, so please allow yourself extra time, and put extra space between cars.

**And we thank you...for all of our kid's sake...NO U TURNS in front of the school!!!**

***Our lessons and learnings with the Core Competencies this month continue with:***

Raven or "sk-oww-k" in the Squamish language is a creative thinker.

- Raven reminds us that creative thinkers are playful and enjoy what they are doing.
- Raven teaches us that there is no problem that can't be solved without a little imagination. When faced with a challenge, Raven doesn't give up. Instead Raven looks for ways to achieve her goal.
- Raven is innovative. When we feel like we've run out of ideas, we can look to Raven for inspiration. Raven helps us to think "outside of the box".
