

PUZZLE OF THE WEEK

Special Numbers

The number 49 is special because

$$4 \times 9 + (4 + 9)$$

$$4 \times 9 + 13$$

$$36 + 13 = 49$$

What is another special two-digit number? How many can you find?

Be sure to check the next newsletter to see the solution! If you have questions about or suggestions for the puzzle of the week, let Ms. Rush know!

Special thanks to mathchallenges.net for the puzzle
